6-IN-1 APPLE TREE Six Different Apples On One Tree

5F20 This is a "grown-to-order" Apple Tree, especially for those with limited room. You can pick apples off this one tree from early summer until late fall. It has six different kinds, our best, most popular varieties. Yellow Transparent and Yellow Delicious start bearing very young,

followed by Wealthy and soon all are bearing, all on the same tree. With its rich green foliage, beautiful flowers and fruit, this tree is attractive enough to plant in your front yard.

Each \$2.95, 2 for \$5.35
Not Postpaid

All 6 Kinds on This One Tree

Yellow Transparent, for summer
Wealthy, for fall
Yellow Delicious, for late fall
Solid Red Delicious, early winter
New Red Jonathan, the holidays
Winesap, for winter

This *Spring* 1945 Catalog

WILL HELP MAKE YOUR HOME MORE FRUITFUL, MORE BEAUTIFUL

Morrison THE NEW GIANT BLACK RASPBERRY

3 for 70c 6 for \$1.25 12 for \$2.25
25 for \$4.15 50 for 7.75 100 for 13.95

5A50 Morrison Black Raspberry is a new variety that has three very distinct points of superiority.

- 1—The berries are immense size.
- 2—Very fine flavor, almost seedless.
- 3—The plants are healthy, vigorous growers and produce tremendous crops.

It is also drought resistant. During a dry summer in several sections where Morrison was grown, it matured full crops of perfect berries when other varieties almost failed. It ripens a little later than Cumberland. The berries are immense size, glossy black, so attractive that they sell on sight. The fruit is almost seedless, is firm, very sweet, juicy and most delicious flavor. Extra fine for eating fresh and for sauce, jams and pies. Plant some Morrison this spring, for home or commercial use. When it starts fruiting, you will wish you had planted more. **Postpaid.**

Indian Summer

THE NEW DOUBLE CROP RED RASPBERRY
THAT BEARS BOTH SPRING AND FALL

3 for 75c 6 for \$1.35 12 for \$2.50
25 for \$4.65 50 for 8.75 100 for 15.75

5A44 Indian Summer is a wonderful new red raspberry that bears two crops each season, a heavy crop on the old canes at the usual time in summer and another crop in the fall on the new canes. The berries are large, an attractive red color, fine quality. Delicious eaten fresh with sugar and cream. Good for sauce and makes the finest red raspberry jam and preserves you ever tasted. The plants are hardy, healthy and very productive. Easy to grow, require but little care. We send you full instructions. Red Raspberry fruit is expensive to buy. Grow some in your own garden. Twelve plants will give you lot of berries and 25 will supply an average family for table use and canning. Plant 3 to 4 feet apart. We send you big plants which **WILL BEAR THIS SEASON.**

Postpaid.

Hamburg, Iowa. Printed in U.S.A.

Order Early—Much Nursery Stock Will Be Scarce This Spring

Nursery Stock is produced largely by hand work. Skilled workers have been scarce for the past three years. That is why many items will be scarce this season.

Last year there was the greatest demand for Nursery Stock ever known. This Spring it may be as great—perhaps even greater.

We have made careful plans to handle your orders this season. We have listed in this catalog only the best and most popular varieties, leaving out those for which there is only a limited demand.

Extra Values for You

We have also listed fewer sizes of trees and roses. For example, our super-size fruit trees are no longer listed; we ship them with the next size. Our super-size roses are put with our selected 2-year No. 1 size roses.

By having fewer varieties and sizes, we can fill orders more quickly and efficiently and you get that much greater value through these savings.

Mail Your Order Early

Many customers were disappointed last year by having their late orders returned due to stocks having been exhausted. To save disappointment and to gain a year's growth, we urge you to order early. Your Nursery Stock will be shipped at the proper planting time.

On page 3 is a list of premiums you get for ordering early. Be sure to list the premiums you wish on your order so all can be sent in one shipment.

Fall 1945 Catalog

Next Fall we expect to have imported Tulip, Hyacinth and Crocus bulbs from Holland. These will be featured in our Fall 1945 Catalog along with our regular Fall items. If you want a copy of this catalog just let us know below or write us and we will send one in early September.

When you are through with your Spring Catalog, perhaps your neighbor would like to see it. Thank you.

How to Order

In the comfort and privacy of your own home, you can look through this catalog and select Inter-State's Guaranteed Nursery Stock and Seeds.

1. Write your order for Nursery Stock and Bulbs on the order blank on the back of this page.

2. Write your order for Seeds on the order blank at the back of the catalog between pages 78 and 79.

If you run out of our order blanks you can use any sheet of paper, but be sure to put your orders for Seeds and orders for Nursery Stock on separate sheets of paper. You can mail both orders in the same envelope. This will help us both since our Seeds are handled in a separate department and are shipped at once while Nursery Stock is shipped at the proper planting time *in your locality*.

3. Write your full name and complete address on both orders.

In making out your orders please write or print very plainly, giving your full name and complete address, street or rural route. Also list your nearest express office if it is different from your post office as we sometimes ship by *pre-paid express* instead of parcel post unless you object.

4. Order all items by catalog number.

This helps us give you better service and helps avoid mistakes. List quantity, variety and size of items wanted.

5. Total amount on both orders and send us money order, draft or check.

If you send currency or cash, wrap it carefully and register your letter. A money order is a better way to send payment.

Sales Tax

Customers living in Iowa will add 2% to the amount of their order, which the Iowa Sales Tax Law requires us to collect. If Congress passes a National Sales Tax, then all customers must add the amount of this tax to their orders.

INTER-STATE NURSERIES, Hamburg, Iowa

PLEASE HELP US CORRECT OUR MAILING LIST

If your name or address as shown on the catalog envelope is **WRONG**, please write below **BOTH** the right and the wrong. **RIGHT:**

Name _____

Address _____

City, Zone and State _____

Name _____

Address _____

City, Zone and State _____

If you received from us this Spring more than one catalog, write below the names and addresses on each envelope and mark the correct one. If you have an extra catalog, a friend or neighbor would appreciate getting it.

I received of your catalogs under the following names. Send my next catalog to the one I have marked (X)

Do not write in above space

Sometimes we ship by PREPAID EXPRESS instead of Parcel Post. If you object, write "No" here_____

If you want this order shipped to another person or to an address different from that above, give directions here.

Payment in full should accompany all orders. The best way is by Money Order, Check or Bank Draft. Avoid sending silver or stamps unless absolutely necessary. If you send silver, wrap it in heavy paper and REGISTER YOUR LETTER.

USE THIS ORDER BLANK FOR NURSERY STOCK AND BULBS ONLY

For Seeds, use order blank opposite page 79

SEEDS WILL BE SHIPPED SEPARATELY FROM NURSERY STOCK

[illegible]

FREE! Be sure and put on your order the Premiums you select for sending in your order **EARLY**. See page 3.

Free THESE VALUABLE GIFTS FOR ORDERING EARLY

If you send us your order for Nursery Stock **EARLY** (seeds are not included), you may select Free Premiums as follows:

On Nursery orders of \$5.00 to \$10.00, select one of these seven Premiums.

On Nursery orders of \$10.00 and up, select **THREE** premiums.

The Premiums you select **MUST BE WRITTEN ON THE ORDER**, or none will be sent, even if you notify us later. However, if you send us another order, then you can include Premiums you overlooked on a previous order of the same season.

IMPORTANT—If we run short on some items, we reserve the privilege of changing premiums, sending you stock of equal or greater value.

No. 1—10 New Minnesota No. 1166 Strawberry plants, worth **\$1.00**.

No. 2—2 Philippine Lily bulbs worth **\$1.00**.

No. 3—2 New Mums, our choice, worth **\$1.00** or more.

No. 4—3 Thornless Boysenberry plants, worth **\$1.00**.

No. 5—2 Carmine Prince Lythrum, worth **\$1.00**.

No. 6—12 Choice Gladiolus bulbs, our selection, worth **\$1.00**.

No. 7—2 Fine Peonies, each different, our choice, worth **\$1.00** or more.

Inter-State's Guarantee

1. We guarantee our stock to be true to name. If it proves otherwise, we will replace free or refund the amount you paid us for it.
2. We guarantee our stock to be first quality and to reach you in good, live, growing condition. Examine it carefully upon arrival, and, if you are not entirely satisfied, return it at once and we will replace it free or refund your money.

3. Our stock is carefully handled, and under ordinary conditions should grow for you. But if it does not, owing to the weather and other conditions over which we have no control, we will replace at half price the following season, you to notify us not later than October 1st, 1945, accompanying your report with remittance of one-half original purchase price.

We want you to be satisfied. If anything is wrong, we want you to write us.

AND THE MEN BEHIND IT

CARL O. (Billy) SJULIN

L. R. (Les) SJULIN

D. L. O. (Dave) SJULIN

The Inter-State Nurseries are owned and operated by three brothers, Carl O., Leslie R., and David L. O. Sjulin (this is a Swedish name and is pronounced "Shoe-lin"). Practically born and raised in the nursery business, we have grown to be the Largest Direct-to-You Nurseries in America, with hundreds of thousands of customers. We have 1600 acres of the finest soil in the world, ideal for growing nursery stock.

HELPFUL PLANTING GUIDE *Free!*

With every nursery stock order, we send Free a 24-Page Planting Guide. It tells in a clear, simple way how to plant so that even if you have never done any planting, you can have success. It tells, also, how to prune, water, care for plants over winter, how far apart to plant, etc.

WE PAY POSTAGE

Please note that most items in this catalog are DELIVERED TO YOU, POSTPAID. Some Fruit and Shade Trees are too large to go by parcel post. They are shipped by express, you pay the express charges.

In some orders, there are trees which must go by express and also some stock which would go parcel post. In order to avoid making two separate shipments, we send the entire order by express. For this privilege, we include extra stock which has a greater value than the additional express charges amount to.

AMERICA'S LARGEST DIRECT-TO-YOU NURSERIES

Because we grow and sell direct-to-you more nursery stock than any other nursery, we can sell first quality stock at reasonable prices. Our soil is rated the finest in all America for growing nursery stock. It produces wonderful roots and fine tops. If you have never planted any of our seeds, order some this year. They are guaranteed to grow.

CENTRALLY LOCATED. We are located near the geographical center of the United States, with railroad facilities that enable us to ship promptly in all directions, North, South, East and West.

SALES TAX. The Iowa law requires us to collect a sales tax of 2% on all orders sent to us BY PEOPLE LIVING IN IOWA. Iowa customers will please add this amount to their orders. BUT PEOPLE NOT LIVING IN IOWA DO NOT SEND ANY SALES TAX.

If a U. S. National Sales Tax is passed by Congress, then everybody will have to add the amount of the tax to their orders.

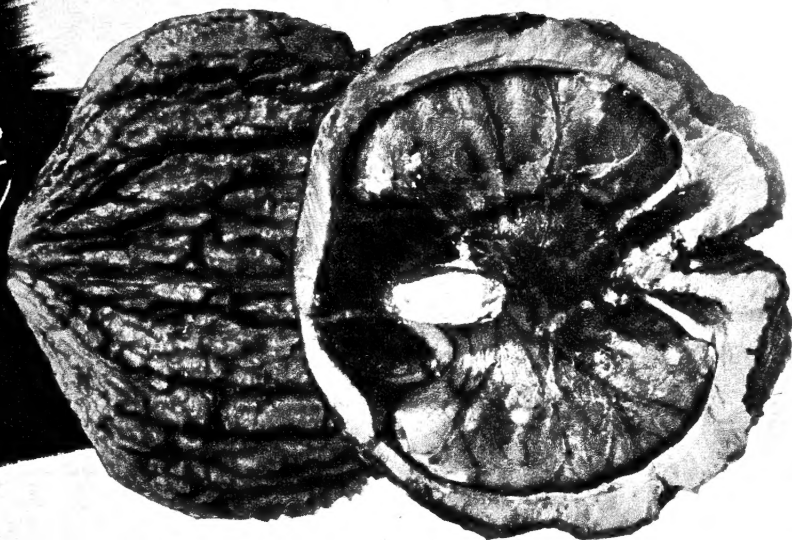

IMPORTANT NOTICE

When ordering, please write down the Catalog Number shown by each variety and collection. If you order both Seeds and Nursery Stock, please be sure and PUT YOUR SEED ORDER ON A SEPARATE SHEET OF PAPER. Write your full name and address on both Seed and Nursery orders.

NURSERY STOCK IS SHIPPED AT PROPER PLANTING TIME

Nursery Stock and Seeds are not shipped together. Seeds are shipped at once. Nursery Stock is shipped at proper planting time. We are equipped so that we can start shipping to southern states early in the year. As the season advances, we keep shipping farther north until in May we are shipping to the most northern states.

THE NEW THOMAS *Black Walnut* MOST REMARKABLE OF ALL NUT TREES

The Thomas Black Walnut, Actual Size

5N1 When the long cold evenings of winter come, what a pleasure it is to crack some Black Walnuts to eat or for fudge, or for mother. She can use them in so many different ways and what a delicious flavor they add. Everybody likes Black Walnuts, but the common Black Walnut is small and it is hard to get out the meats.

Now you can have an improved grafted Black Walnut, which is giant size with kernels much larger, better flavor and much easier to get out. Thomas is fast growing and produces very large nuts. It is the greatest nut tree of the country. You should plant it because—

1. It bears very young, often second year after planting. A mature tree will produce 15 to 40 bushels of giant size nuts which sell for \$4.00 or more per bushel.
2. The nuts are immense size as pictured above. They crack easily so the meats come out in halves and quarters. A bushel of nuts crack out 10 to 12 pounds of meats.

3. The nuts are delicious flavor and because they are so large and plump and come out in halves and quarters they sell for 75c or more a pound.

4. It will grow in almost every state in America.

5. Plant a tree or two for your own use. If you have room, plant more for profit. You can easily sell the big nuts at high prices. Plant 50 feet apart and 2 or 3 inches deeper than they stood in the nursery.

6. In time the tree will grow large and walnut logs are becoming scarce. If you wished you could sell the trees for lumber at a good price. We doubt, though, if you would do this because the nut crop is so valuable. The demand for this great nut tree is so great that last spring we sold out. We have only a limited supply. We suggest that you order early.

2 to 3 feet. Postpaid..... **Each \$2.25**

3 to 4 feet. Not Postpaid..... **Each 2.50**

INTER-STATE'S

RHUBARB for Everyone's Taste

Rhubarb is the earliest spring vegetable. It should be in every garden. Grows in most any kind of soil. Lasts a lifetime without any care or attention. Plant 3 to 4 feet apart. A little manure around them once in a while, will mean more and larger stalks. Also break off all seed stalks.

INTER-STATE'S NEW RED

MacDonald's Rhubarb

5A16 New Red MacDonald—Many think this is the best and finest of all Rhubarb. The stalks are giant size, 2 or 3 times as large as common rhubarb, tender and sweeter, requiring less sugar. Its bright red skin and white flesh makes the finest looking and best tasting rhubarb sauce and pies you ever ate. It stays tender far into the summer, so you can use it for months.

The stalks are 18 to 24 inches long, many half as thick as your wrist. A tremendous producer, as fast as you pull up one stalk, another takes its place. It is practically seedless. Nothing you can plant in your garden will give you more returns than MacDonald Rhubarb. A few plants will supply you with all your family can use fresh and also plenty to can or cold pack for winter. The skin is so tender you do not peel it off, but cook it all. We send you big Number One roots and if you plant real early, you will get some Rhubarb this year. Postpaid. **Each 65c, 3 for \$1.75.**

5A17 Ruby Red—Another new red rhubarb introduced from Canada. The stalks are intensely red, even the flesh is red. Rhubarb sauce made from Ruby is as red as Strawberry sauce. The skin is so tender it can be cooked with the stalk. Prolific yielder. The stalks are smaller than MacDonald. Large Number One roots, Postpaid. **Each 65c, 3 for \$1.75**

5A20 TRIAL RHUBARB OFFER

1 Red MacDonald
1 Ruby
1 Skinner's

All 3 For
\$1.45
Postpaid

5A18 Skinner's—This variety does exceptionally well in Kansas and Oklahoma. It is a tremendous grower and heavy producer of great big juicy stalks. Fertilize it every year or two, and you will be astonished at how much you will get. If any seed stalks come, just break them off. If you have had trouble growing good rhubarb, try some of this. The skin is not as red as MacDonald but the stalks are just as large or larger. Stays tender so you can use it for many weeks. It certainly makes mighty fine sauce and pies. Large Number One roots. Postpaid. **Each 40c, 3 for \$1.00**

5A19 Victoria—This is an old favorite that for many years has supplied millions of families with their first fresh rhubarb sauce and pies. Not as red, nor as large, nor as productive as the others but it makes good sauce and pies. Grown from seed it can be sold cheaper as the others are grown from root divisions. Postpaid.

Asparagus

**DELICIOUS, TENDER, FRESH
FROM YOUR OWN GARDEN**

If you or your family like Asparagus, plant some this spring. Then in just a year or two, you can commence gathering your own. It will last as long or longer than your house stands. For 6 to 8 weeks you can enjoy all you want and have some to cold pack for winter. And after you plant it, it costs you absolutely nothing and besides that it requires no care or attention and grows almost everywhere.

Our wonderful Loess soil produces the finest Asparagus plants we have ever seen. We believe our Jumbo plants are the very finest you can get. Planting them saves a year's time. Plant Asparagus 18 to 24 inches apart each way. Planting instructions sent with every order.

GIANT MARY WASHINGTON ASPARAGUS

5A14 It is extremely tender and stays that way during the season. Delicious flavor. The extra large tips can be cut for almost 2 months. Rust proof.

INTER-STATE'S GRAPES

THE ALL-PURPOSE FRUIT

**BEARS EVERY YEAR, GOOD FOR JAMS, JELLIES,
SAUCE, JUICE AND FINE FOR EATING**

A dollar's worth of Grape Vines will supply your entire family with many dollars' worth of fruit every year, for a lifetime. Wholesome, healthful and appetizing. You can eat them fresh and make fine Jelly, Jam, Sauce and Juice with the surplus. Plant them along the lot line or fence, 8 feet apart. OUR BIG HUSKY 2-YEAR NUMBER 1 VINES ARE THE FINEST GROWN IN AMERICA AND GENERALLY COMMENCE BEARING NEXT YEAR AFTER PLANTING. THEY ARE WELL WORTH THE SMALL EXTRA COST. Economical to buy, easy to grow, easy to pick. Planting and Pruning instructions sent with each order.

5A70 Concord—For more than fifty years this popular variety has outsold all other Grapes. It is one of those good, dependable varieties, producing heavily every year. Ripens in August-September. The large bunches of blue-black grapes are tender, sweet, juicy and delicious.

NEW EXTRA CHOICE GRAPES

These have all fruited at Hamburg a number of years and every one is hardy and bears heavily. You will find these extra fine, extra sweet and extra delicious flavor.

5A73 Caco—Great big red grapes, rich and sugary, with a luscious flavor. A tremendous grower, it bears young and heavily every year. It is our best red grape.

5A74 Fredonia—This new variety RIPENS 3 WEEKS BEFORE CONCORD. Large bunches of blue-black grapes of very high quality. A vigorous grower, hardy and very productive.

5A75 Portland—The first grape to ripen, a few days before Fredonia. The fruit is large, handsome amber-white, with a most delicious, rich, spicy flavor. Vigorous, hardy and productive.

5A76 Sheridan—A new large blue-black grape that ripens a week or so after Concord. We consider this the finest quality of all blue-black grapes, very sweet and delicious.

Delicious, Fresh Berries

USE THEM FOR JELLIES, JAMS, SAUCES,
PIES, CAKES AND FOR THE TABLE

DO YOU remember when you used to go to the berry patch with your mother or grandmother and help her pick a few quarts of berries, first one kind, then another? And how good they tasted? And what wonderful fresh pies and sauce they would make? And the Jellies and Jams for hot breakfast biscuits?

Fresh, canned or frozen berries of all kinds are becoming more scarce every year and higher in price. The home owner realizes the

saving in growing his own, and what a privilege and pleasure it is to go to your own patch and pick a few quarts of fresh, ripe, red or black Raspberries, Blackberries, Boysenberries, Healthberries, Blueberries, Grapes and many others. They commence bearing the year after planting and last for years. If you have some ground and have not planted berries, you have a treat coming by growing your own fruit.

A few dollars spent for plants this spring will return your money many fold in years to come.

For better health and more productiveness from your garden, make a planting of berries this spring.

BLACK RASPBERRIES

Nearly everybody agrees that there is no more delicious fruit than home-grown Black Raspberries. Eat them fresh with cream and sugar, for sauce and jams, in pies and shortcake. They ripen between strawberries and blackberries, a little before red raspberries. Plant them 3 to 4 feet apart in the row; the rows 6 to 7 feet apart.

5A51 Cumberland—For many years this has been the most popular black raspberry. A vigorous grower that produces enormous crops. The berries are large, jet black, firm, sweet, almost seedless and have a flavor that can't be beat.

5A50 Morrison—See page 2.

5A52 New Logan—This fine variety ripens a week before Cumberland. It bears heavily. Fruit is large and high quality. Hardy, drought resistant and healthy.

From Your Own Garden

RED RASPBERRIES

There is a peculiarly delightful flavor in Red Raspberries, fresh or preserves, not found in any other fruit. If you have never grown red raspberries, you have a treat coming. For pies, short-cakes, sauce, jam and fruit juice, they are simply delicious. Our Latham and Indian Summer are first-quality No. 1 plants that will bear some berries this summer. Sodus will bear the year after planting. You know how hard it is to buy red raspberries. Set out a few this spring. Plant them 3 to 4 feet apart in the row and the rows 6 to 7 feet apart. They do well in any ordinary garden soil.

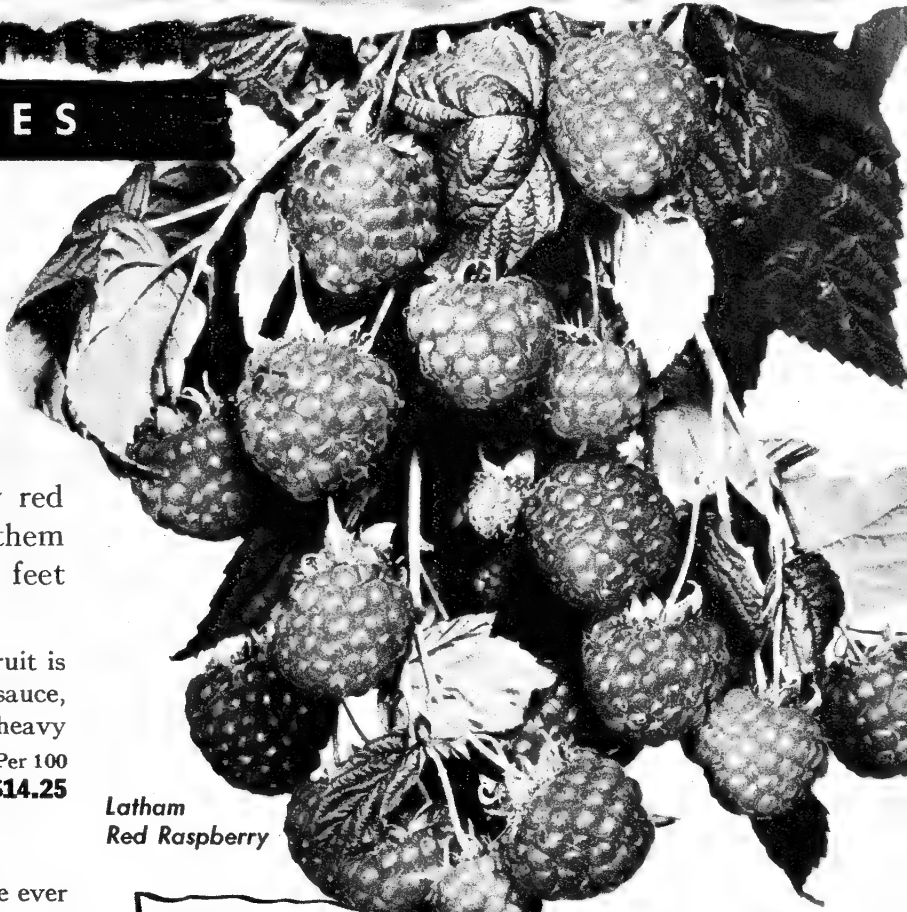

5A45 Giant Latham—Very popular red raspberry. The fruit is large, bright red and delicious, whether eaten fresh or in sauce, jams, pies and shortcakes. Plant is vigorous, and bears heavy crops. Postpaid.

5A44 Indian Summer—See page 2.

5A46 Sodus is the heaviest bearer of all raspberries we have ever fruited. It is a cross between a black raspberry and a red. The fruit is firm and very large, many being an inch in diameter. The color is a purple-red. The plants are very vigorous, healthy, hardy and extremely productive. Very fine for sauce and jams. Postpaid.

BLACKBERRIES

When fully ripened on the bush, few berries are as sweet and delicious as Blackberries. Moreover they grow most any place, even in very poor soil. Plant them in a corner of your yard and they will take care of themselves and bear every year. The fruit can be used in so many different ways—pies, sauce, cobblers, fruit juice. We send you best grade number one plants.

5A37 Alfred—Ripens early but bears a long time. Produces an enormous crop of first-quality fruit. Berries are mammoth in size. Color is jet black; flavor sweet and delicious, nearly coreless and seedless. Very hardy. Heavy bearer.

5A38 Eldorado—Late. Our most popular Blackberry. The sparkling jet-black berries are large, sweet, delicious and almost coreless. Ripens over a long period and is generally the last berry of the season. Hardy, vigorous and a heavy, regular bearer.

5A34 BOYSENBERRY SPECIAL

2 Thornless Boysenberries
2 Original Boysenberries
1 Healthberry

(\$1.70 Value) All 5 For \$1.25 Postpaid

5A30 Thornless Boysenberry pictured above, is a strong grower, and good producer. We have seen berries fully 2 inches long. You will be astonished at the amount of fruit a few plants will produce. The fruit ripens over a period of almost 2 months. Eat them fresh for weeks, use them for pies, sauce, preserves and fruit juice. This has all the good points of the original Boysenberry, but is absolutely thornless. When you taste fully ripe, home-grown Thornless Boysenberries you will agree that they are simply fine. You just cannot describe their sweet, yet zippy delicious flavor. They are almost seedless and a very deep maroon, almost black, color when ripe. Plant 8 to 10 feet apart each way. In cold sections should have some winter protection. Postpaid.

6 Plants for \$1.85

12 for \$3.45 3 for \$1.00 Each 40c

5A31 Original Boysenberry—This is the berry which has created such a sensation over America. The berries are immense size, many 1½ to 2 inches long, juicy and good quality. Fruit ripens for many weeks. Should have winter protection in cold states. Postpaid.

6 Plants for \$1.00

12 for \$1.85 3 for 60c Each 25c

5A27 Healthberry—For several years when we visited with Mr. Hirschi, the eminent horticulturist of Oklahoma, he was always enthusiastic about a new Berry growing in his field. Right during the hottest part of the summer, the temperature above 100, this new Berry was producing heavily while all other kinds were drying up. The fruit is not large but it is delicious and almost seedless. When ripe it is a shiny jet black. Makes a large plant 6 to 8 feet across. The fruit ripens over a very long period. There will be blossoms, green fruit and ripe fruit on the plant at the same time. For Oklahoma, Arkansas, southern Kansas and southern Missouri, Texas and other southern states, we believe this will prove a great fruit. We judge it will grow as far north as blackberries. Postpaid.

6 Plants for \$1.85

3 for \$1.00 Each 40c

5A40 Parker Thornless Youngberry—This great berry ripens two weeks before the Thornless Boysenberry. The fruit is large, a handsome dark wine-red color, sweet and deliciously flavored and almost seedless. Very productive. Cover with straw in cold sections for winter protection. Postpaid.

6 Plants for \$1.35

12 for \$2.50 3 for 75c Each 30c

that should be in every garden

CURRENTS

How many times have you wished you could get some currants to make jelly? You know they make the finest looking and best tasting jelly. Plant a few bushes this spring. They will commence bearing next year. They require almost no attention except to pick the fruit, and take but little room. Plant them 3 feet apart. They bear every year.

5A60 New Red Lake—A new variety that is rapidly replacing the older varieties. The berries are very large and fine flavor. The clusters are long and filled out right to the end. A clear red color that makes beautiful and fine flavored jelly. Very productive. Selected 2 year No. 1 plants. Postpaid. **3 for \$1.75**, Each 65c.

5A61 Wilder—We think this is the best of the other kinds. It ripens a little before Red Lake and while the berries are not quite as large, it is a tremendous producer. Also we do not believe that the flavor of Wilder has ever been surpassed. Selected 2 year No. 1 plants. Postpaid. **3 for \$1.45**, Each 55c.

IMPORTANT NOTICE

On account of state regulations we ship Currants and Gooseberries only to the following states—**Arkansas, Illinois, Indiana, Iowa, Kansas, Kentucky, Missouri, Nebraska, North Dakota, Oklahoma and South Dakota.**

If you do not live in these States, please do not order Currants or Gooseberries.

GOOSEBERRIES

5A62 Champion—A regular and heavy bearer of the finest quality. Berries are medium size, handsome pale green, coloring slightly when fully ripe. The berries hang on the under side of the branch, making them easy to pick. Plant 3 to 4 feet apart. Thrive in ordinary garden soil. Bear young and regularly. Postpaid. **2 for \$1.00**, Each 60c.

DELICIOUS HOME-GROWN BLUEBERRIES

5A90 You can now raise your own Blueberries. These are Native Blueberry plants which will grow in almost any ordinary soil. A little Peat Moss (see page 78) put in the soil, will make them do still better. The berries are not as large as the tall growing kinds but they have a better flavor. They grow only 2 to 3 feet tall and make an attractive bush. The leaves color beautifully in the fall. Will grow in the sun but prefer a spot that is shaded in the afternoon. Plant in groups, 2 to 3 feet apart.

Postpaid **3 for \$1.75**, 12 to 18 inch plants

TALL GROWING BLUEBERRIES

5A91 These are the Blueberries sold by most firms. They grow taller than the native type above. They thrive only in acid soil and require more moisture. You can make your soil more acid by mixing quite a lot of Peat Moss (see page 78) with it to a depth of 15 to 18 inches. These have large, fine fruits. Plant in groups, 4 to 6 feet apart. We have the Jersey, Rubel and Rancocas varieties and send you one each of all 3 varieties.

Postpaid **3 for \$4.25**, 12 to 18 inch plants

Plant Inter-State *Strawberries* this Spring

**YOU CAN HAVE PLENTY OF
STRAWBERRIES FRESH FROM
YOUR OWN GARDEN**

Fresh, home-grown strawberries. Those sweet, luscious red berries. Do you know anything that tastes better or is more welcome in the spring? In every garden there is room for at least a small patch. They bear quickly and produce high yields for the small space they take. They can be grown between young fruit trees. The best time to plant strawberries is **EARLY SPRING**. We do not ship them in the fall. For home use set the plants 24 inches apart each way. **ORDER EARLY AND PLANT EARLY.**

5A3 Varieties come and go, but this grand old variety has borne large crops for generations and is still doing it. It is the most widely planted in the central states. If you have never grown strawberries and are in doubt as to what variety to plant, here is one that will not disappoint you. A heavy midseason producer of large, delicious, beautiful red berries. Self-pollenizing. Postpaid.

Minnesota 1166 New Everbearer

100 for \$5.75

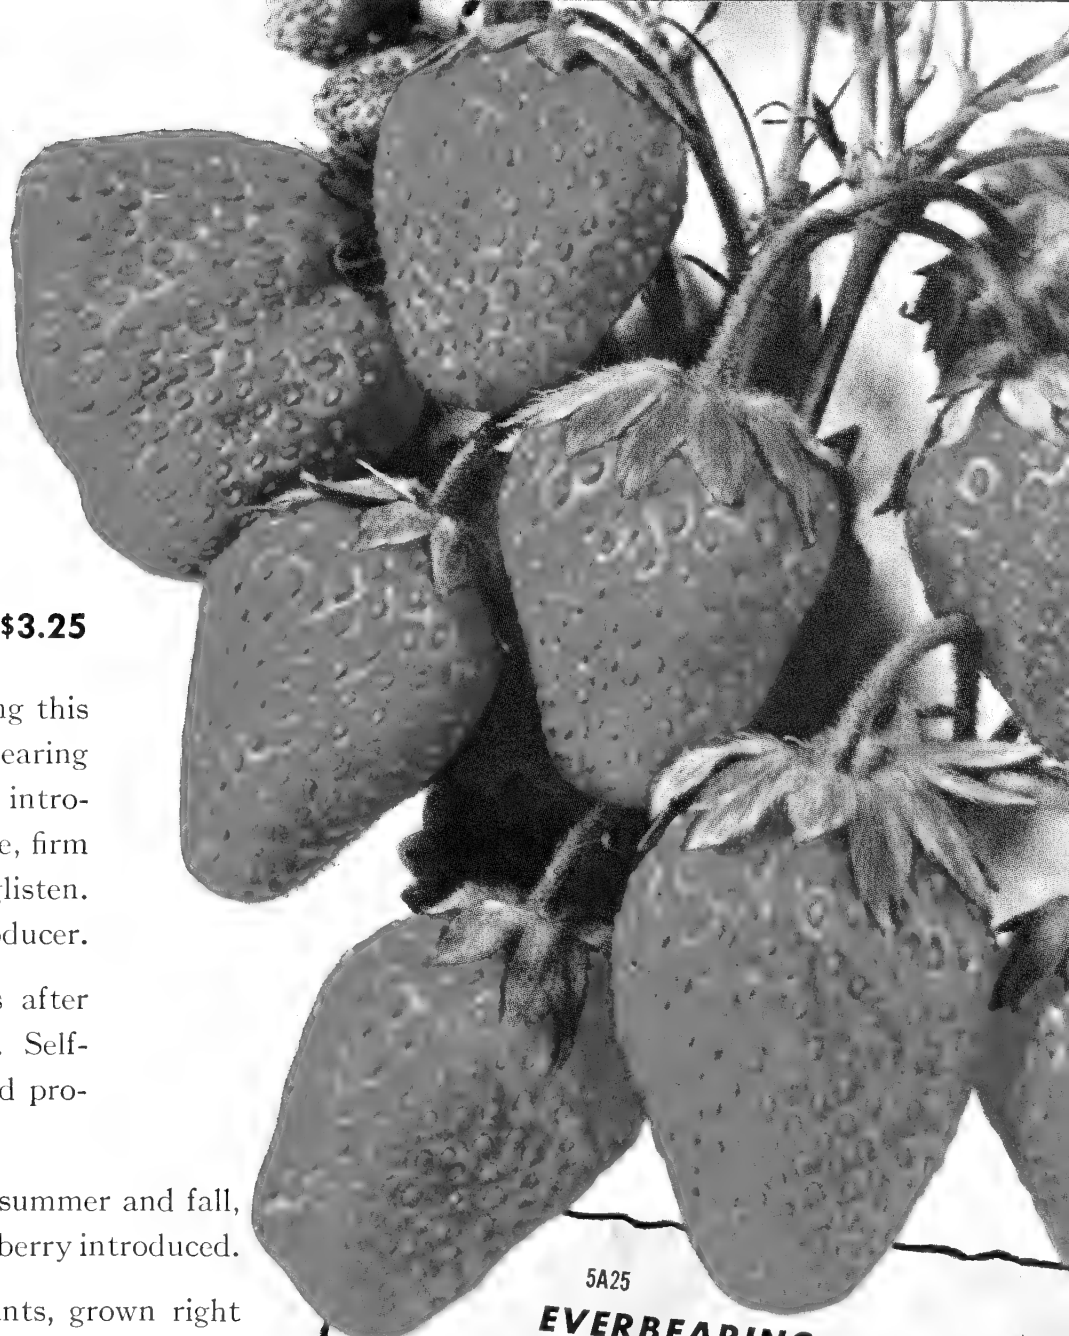

10 for \$1.00 25 for \$1.95 50 for \$3.25

5A6 For the first time, we are offering this spring this wonderful new Everbearing Strawberry. It is the sweetest ever introduced. The delicious berries are large, firm and a red color so bright they glisten. Strong healthy grower and heavy producer.

It starts bearing in 60 to 90 days after planting and continues until freezing. Self-pollenizer. The plants are hardy and produce runners freely.

Those who saw it and tasted it last summer and fall, rated it the Finest Everbearing Strawberry introduced.

We have a fair supply of these plants, grown right here at Hamburg. But the demand is certain to be very great. Please order early to avoid disappointment. Minnesota No. 1166 will give delicious, fresh strawberries spring, summer and fall. POSTPAID.

STRAWBERRIES

100 for \$3.85

25 for \$1.25

50 for \$2.25

5A1 Ambrosia is the finest strawberry we have ever tasted. Eaten fresh or served with cream and sugar, it has that delicious, sweet, real strawberry flavor. The sparkling, bright red berries are very large and firm, fine for canning and preserves because they hold their shape. The fruit is easy to pick and clean because it comes on tall stems strong enough to hold the fruit up off the ground. A strong vigorous plant that produces more fruit than any strawberry we know. While not an everbearer, it ripens over a long season, commencing right after the Dunlap are gone and matures every berry to full size. It is self-pollenizing, so can be planted alone.

Spring 1944 was the first time we have offered Ambrosia. We sold half a million plants and had to refund on many orders. Unfortunately this spring we have less plants than we had a year ago. That is why we cannot sell more than 100 to a customer. POSTPAID.

APRICOTS

ARE VERY DELICIOUS WHEN
HOME-GROWN, TREE-RIPENED

Ripening right after the cherries and before the early peaches, Apricots are one of the most delicious fruits, especially when picked fully ripe from your own trees. They are easy to grow and also make a handsome shade tree for lawn planting. For wonderful sauce and preserves, few fruits equal Apricots. Plant 20 feet apart.

5F23 **Perfection**—This great new Apricot is pictured to the right in natural color and actual size. The fruit is large, beautiful and delicious. It ripens evenly and is a good keeper. The flesh is firm so that even when picked tree-ripe it can be shipped. Hardy, vigorous grower and heavy bearer.

3 to 4 feet, Postpaid..... **Each \$1.65**
4 to 5 feet, Not Postpaid..... **Each 1.85**

5F24 **Sansin**—Introduced by Prof. N. E. Hansen of the South Dakota Experimental Station. Very hardy and drought resistant. It is adapted for the cold sections like northern Iowa, Minnesota and the Dakotas. Medium size golden-orange fruit.

3 to 4 feet, Postpaid..... **Each \$1.40**
4 to 5 feet, Not Postpaid..... **Each 1.60**

5F26 **Superb**—This fine Apricot originated in Kansas and has been largely planted throughout the Middle West. The tree is hardy and very productive. Fruit is medium large, orange-yellow, flesh firm, high quality. Excellent for eating, cooking, canning, pies.

4 to 5 feet, Not Postpaid.....	Each 1.75

5F77 Kansas Sweet—This new cherry comes from southern Kansas and has hardly ever missed a crop. It is the ONLY REDSWEETCHERRY we know that will live and bear in the Middle West, and south to Texas. The fruit is large, dark red, firm, sweet with a delicious flavor. The tree itself is handsome enough to plant in your front yard—good foliage, fine shape, fragrant flowers.

3 to 4 feet, Postpaid.....	Each \$1.50
4 to 5 feet, Not Postpaid.....	Each 1.75

5F81 New Gilbert Montmorency—For many years the Montmorency has been the most popular of all Cherries. This is a special strain from a single tree, the best of many thousands of Montmorency trees, in the great cherry district at Sturgeon Bay, Wisconsin. Ripens about ten days after Early Richmond. The red fruit is large, firm, fine flavor, the best of all Cherries for canning. The tree is a rather short grower so the fruit can be easily picked.

	Each	Per 3	Per 6
2 to 3 feet, Postpaid.....	\$1.25	\$3.45	\$5.95

5F78 Yellow Glass—Originated in Russia, this is the hardiest of all sweet Cherries. It is the ONLY YELLOW SWEET CHERRY that should be planted in the Middle West. The fruit is large, golden yellow, firm, sweet, delightful flavor.

4 to 5 feet, Not Postpaid.....	Each \$1.50
5 to 7 feet, Not Postpaid.....	Each 1.75

5F82 New McClain—This is a new cherry found in the mountains of Tennessee by Mr. Lee McClain. He noticed that it bore very young and produced big crops every year. Also it did not grow as tall as other Cherries which makes it very easy to pick. In fact, you could reach a lot of the fruit from the ground. Two-year-old trees in the nursery almost always bear some fruit. The Cherries are large, fine attractive red color, delicious flavor. This tree is now bearing, even in the far south where it has been considered impossible to grow cherry trees. We suggest that you plant a tree or two and find out for yourself what a wonderful new variety this is.

2 to 3 feet, Postpaid... Each \$1.50, 2 for \$2.75

Plant Summer, Fall and Winter Apples, then you can have fresh apples almost the year 'round.

SUMMER APPLES

5F31 Anoka—A new apple originated by Prof. N. E. Hansen of the South Dakota Experiment Station. It is the youngest bearing apple we know. In fact, it sometimes bears in the nursery row and generally always the next year after being planted. Fruit is yellow streaked red. Ripens in August but can be used a month earlier.

5F32 Beacon—This new apple originated at the Minnesota Fruit Experiment Station. It is so much better than the old-fashioned Duchess apple that we have discontinued altogether growing Duchess. The fruit is large, a solid bright red of very fine quality. It ripens in August but can be used weeks before. It is very hardy and extremely productive. If you want only one summer apple we recommend Beacon. Fine for eating and wonderful for pies, sauce, etc.

5F35 Early Red Bird—This fine apple ripens a week before Yellow Transparent and it is the best real early red apple we know. The fruit is large, bright red, good quality for both eating and cooking. Hardy and a heavy bearer.

5F33 Red June—The old-fashioned early red apple everybody likes. Delicious flavor.

FARM HOME COLLECTION

Nine of our most popular varieties, giving you fresh apples almost the year 'round, starting in early summer with Early Red Bird and ending late in winter with Winesap.

A Whole Orchard Costs Less Than 2 Bushels of Apples

1 Early Red Bird
1 Yellow Transparent
1 Beacon
1 Wealthy
1 Sweet Delicious
1 Yellow Delicious
1 Solid Red Delicious
1 New Bright Red Jonathan

5F41 Fine 3 to 5 ft. Trees

All 9 for \$5.95 Postpaid

FREE—With each collection, either size, 1 ANOKA, the apple which generally starts bearing year after planting.

5F43 Summer Champion—This variety ripens between Beacon and Wealthy. It is late summer or early fall. The fruit is an attractive red, large and fine quality. Tree is hardy and a heavy, regular bearer. You will like it. Fine for eating and cooking.

5F37 Yellow Transparent—The favorite early yellow apple. Ripens in July. Bears young, heavily, and every year. Fruit is medium size, tender, juicy. Fine flavor for eating and cooking.

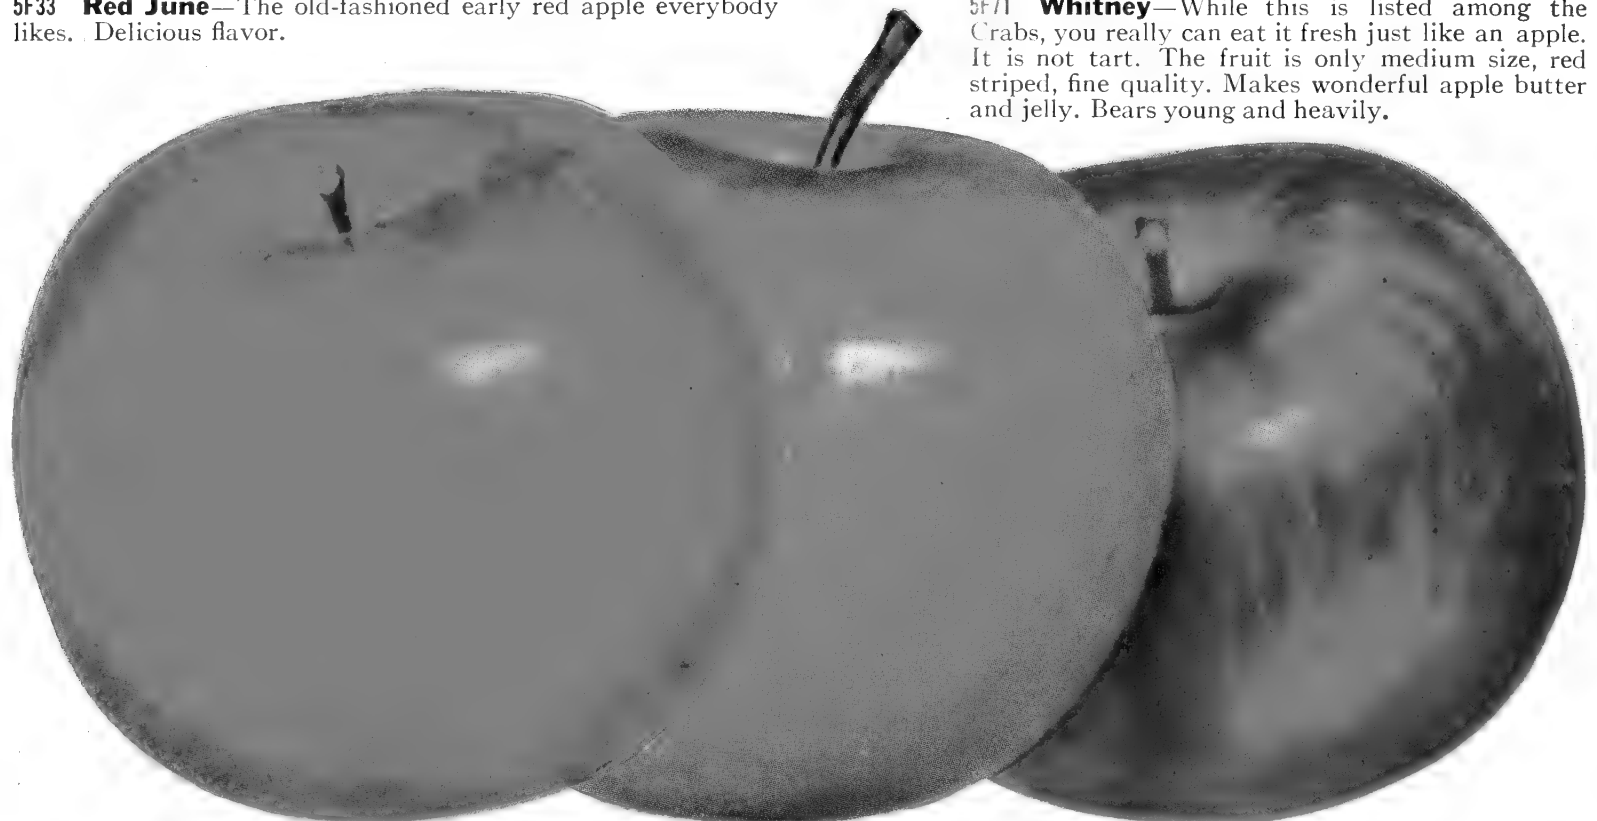

FALL APPLES

5F34 Maiden Blush—Large, yellow, blushed. Mild flavor. Ripens before Wealthy.

5F42 Wealthy—By far the most popular fall apple. It ripens in September but can be used weeks earlier. Fruit is large, red striped with tender, juicy flesh of fine quality. Very hardy. Bears young and heavily.

CRAB APPLES

5F71 Whitney—While this is listed among the Crabs, you really can eat it fresh just like an apple. It is not tart. The fruit is only medium size, red striped, fine quality. Makes wonderful apple butter and jelly. Bears young and heavily.

Beacon

Yellow Transparent

Winesap

WINTER APPLES

5F48 Grimes Golden—For many, many years this has been a very popular yellow apple. The fruit is large and highest quality. A good regular bearer.

5F51 Jonathan—This is our most popular apple. Almost everybody knows it and likes it. A fine bright red apple of highest quality with crisp, yet tender flesh. Juicy and full of snap.

5F52 Jonathan, New Bright Red—This is exactly like the apple above but it colors a couple of weeks or so earlier and has a little richer color. It is one of America's greatest apples.

5F53 McIntosh, Solid Red—This large red apple is especially popular in the east, in Wisconsin and also in sections of other states. The flesh is snow-white with extremely high quality.

5F55 Red Delicious—This is the original Delicious which originated in Iowa and has been planted from coast to coast for its superb quality and mild juicy flavor.

5F60 Solid Red Delicious—Considered by many to be the finest of all red apples. It bears younger, keeps longer and the fruit colors up several weeks earlier than the common Red Delicious. The fruit is large, solid red and has a delicious flavor, unequalled by any other apple.

5F61 Stayman Red—For eating in January and February no apple is better than this. The fruit is very large, a fine red color, good for both eating and cooking. A heavy bearer. This is a rather new apple, not so well-known, but it should be widely planted.

5F36 Sweet Delicious—Nearly everybody likes a sweet apple but they are hard to get as so very few people grow them. This is a good one. Large, attractive red fruit with a true sweet aromatic flavor. Good for eating, baking and making sweet pickles. Every family orchard should have one of these.

5F64 Winesap—The most popular of all the long keeping winter apples. This is an improved strain of the old favorite. It has better color, larger size and will keep right through winter into spring. Everybody knows what fine quality Winesap is. Good to eat and for cooking.

SOLID RED DELICIOUS,
America's Favorite

5F66 Yellow Delicious—This is now the most popular yellow apple in all America. It bears young and heavily, the fruit is large, juicy and no apple has a finer flavor. Some people who cannot digest other apples, eat this without any trouble. It is ready for eating in late fall.

5F67 York Imperial—A large red apple, a little lop-sided but keeps all winter. A heavy bearer and good quality.

RED HAVEN

SUNGOLD

The peaches are listed in their order of ripening. Mayflower ripens here in early July, Elberta the last of August. Peaches need but little room, easy to grow. Our Iowa-grown, budded trees are hardy and bear young. Plant them 15 to 20 feet apart.

5F12 Mayflower—First to ripen yet almost frost-proof as it blossoms so late. Red all over, good quality, good size. Semicling.

5F14 Red Haven—This new variety is rapidly becoming the leading real early yellow peach. The fruit is large, almost a solid red like a Jonathan apple. The yellow flesh is firm, sweetly delicious, high quality. Free-stone. A hardy, vigorous grower and very productive.

5F5 Champion—Free-stone. Large creamy-white with red cheek. Flesh is white, juicy, sweet and highest quality. A heavy, regular bearer. Very hardy. Excepting Sungold and Polly, this is probably the hardiest peach we grow.

5F9 Hale Haven—Free-stone. This fine new peach is rapidly overtaking Elberta. A heavy producer of large, yellow peaches of high quality. Hardy.

5F6 Early Elberta—Free-stone. Yellow with blush. Fruit is large, yellow flesh, firm, juicy, delicious. Hardy.

5F10 J. H. Hale—Free-stone. Very large, golden yellow flushed red with fuzzless skin. Flesh is yellow, solid, tender, very high quality. On the market it always brings a higher price. Plant with other varieties for pollinization to increase yield.

5F7 Elberta—Free-stone. This grand peach fills millions of fruit jars every year.

5F13 Elberta Cling—Ripens about one week after Elberta. This is a fine, delicious, high quality, yellow, firm, clingstone peach.

Sungold
TRADE MARK

HARDY YELLOW PEACH

Sold Only by Inter-State Nurseries

Very Large, Free-Stone, High Quality, Attractive

The fruit of Sungold is very large, perfect free-stone, beautifully blushed. The flesh is firm, golden yellow, full of juice and the richest, sweetest flavor. Exceptionally fine quality. Very fine for canning. A commercial Peach because it colors early and is a fine shipper. Ripens several days before Elberta. A heavy, regular bearer. The tree is well-branched, stocky and short, making it easy to pick the fruit.

We could fill many pages with letters of praise about Sungold. Many of them show that it is very definitely a hardier Peach. Tests at the Iowa Experimental Station also prove this.

Sungold is a superior Peach because of its Size, Beautiful Color, High Quality, Big Production and Hardiness. Self-pollinating, it produces more fruit. It lives and bears where Elberta dies and is far hardier than J. H. Hale.

Polly

FINEST WHITE PEACH

INTER-STATE'S ORIGINAL STRAIN

Hardy, Delicious, Free-Stone, Heavy Bearer

The fruit is large, blushed, a perfect free-stone, ripens just before Elberta. The flesh is white, juicy but firm, the richest, most delicious flavor. All who have tasted it agree that POLLY IS THE FINEST FLAVORED PEACH THEY EVER ATE. When canned it stays firm and makes the most luscious peach sauce and preserves. Polly is not a good shipper but is best for home use and local markets. It bears young and is a heavy, regular bearer.

Polly was introduced by us in the spring of 1934. It was originated by the Iowa Experimental Station. Thoroughly tested for many years, standing cold of 15 to 20 below zero. Polly is not a Peach just for the North. It is a great Peach for other sections as well. The fruit has such a wonderful flavor and is produced abundantly.

Pears

**DELICIOUS — EASY TO GROW — DO WELL PLANTED
IN SOD — RIGHT IN YOUR OWN YARD!**

Pears grow in any ordinary soil, even in sod, right in your yard. Plant 20 feet apart. Two trees, alike or different varieties, planted near each other so they can cross-pollinize, will both produce more heavily than if planted alone. To tell when Pears are ready to pick, place the palm of your hand under a Pear, raise it gently and if the stem snaps off easily from the limb, they are ready to pick. Then put them in a cool, dark place to ripen and you will have Pears of the highest quality.

5F90 Bartlett—Our most popular summer Pear. Fruit is large, yellow with blush, juicy, sweet, high quality.

5F93 Bierschmidt—A new summer Pear ripening a few days after Bartlett. Originating in Northern Iowa, it is hardier than Bartlett. Good bearer. Highest quality. Blight resistant.

5F92 Kieffer—The most widely planted winter Pear. A healthy, hardy and vigorous grower which bears young, heavily and regularly. The fruit is large and fills countless jars every season. Pick the fruit when it starts to color and let it ripen in a cool, dark place. Then it is delicious. Blight resistant.

5F95 Patten—Originating in Iowa, this is a very hardy Pear which can be planted in cold sections like northern Iowa, Minnesota etc. Ripens in August. The fruit is large, yellow with blush, juicy, sweet, luscious flavor. Good bearer. Very blight resistant.

5F91 Douglas—A fall Pear that originated in Kansas. Starts bearing very young and bears heavily every year, even when other Pears fail. Fruit is large, yellow with blush. Considered almost blight proof.

5F96 Seckel—Called the Sugar Pear because of its sweet, delicious flavor. Fruit is not large but the highest quality. Ripens in late summer. Bears young and heavily. Blight resistant.

Cope's SEEDLESS Pear

THE PEAR THAT HAS NO SEEDS, NO CORE

It's New
Seedless
Coreless
Attractive
Large Size
Fine Flavor
Productive
Vigorous
Hardy

5F88 Cope's New Seedless Pear—A New Fruit Sensation. A Pear That Has No Seeds and No Core. In addition, it has everything else that you could ask for in a pear; great producer, excellent quality, size, beauty, vigor and hardiness. The fruit is large, a beautiful golden-yellow with a blush. The flesh is tender and sweet, juicy and delicious. Fine to eat fresh and ideal for canning as it has no seeds, no core.

The "Coreless" and "Seedless" features alone will appeal to those who eat them fresh or can them.

Bears Young, Does Not Blight

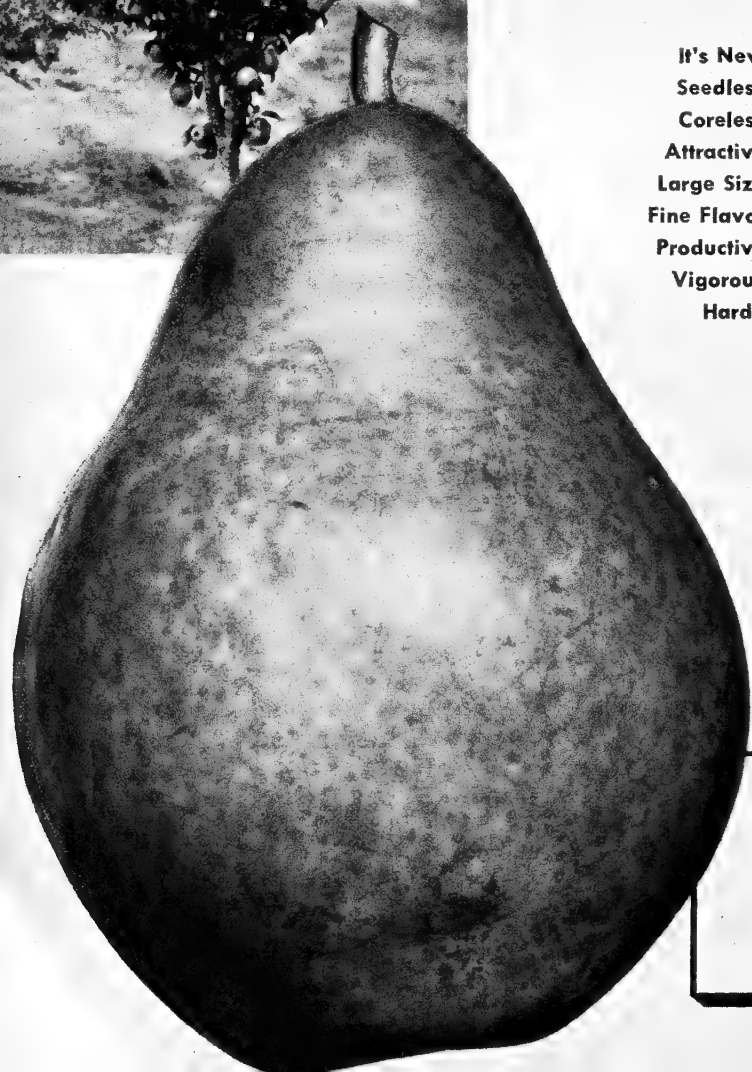

The original tree began bearing when 3 years old, and at 5 years of age it produced 3 bushels of perfect fruit. The trees in the nursery rows sometimes bear fruit. Other Pears right next to Cope's Seedless have blighted but it has never shown any signs of blight. Its early bearing qualities and resistance to blight place this variety among the leading Pears.

A Delicious Summer Pear

It ripens about 10 days after Bartlett and ripens evenly without any softening at the center. It is a self-pollenizer but will produce more fruit if two Cope's trees are planted near each other. If there are other varieties of Pears close, so they cross-pollinize, then Cope's may have a few small seeds.

4 to 6 feet, Not Postpaid.....	Each 2.35
5 to 7 feet, Not Postpaid.....	Each 2.50

INTER-STATE PLUMS

BEAR YOUNG • BEAR HEAVILY • DELICIOUS

Scarcely any fruit has been improved as much in the past few years as has the plum. Bears younger and more heavily. The fruit is larger, with a wonderful flavor. We offer below the finest, outstanding varieties. Plant Plums 12 to 15 feet apart, in a group so they can cross-pollinize, thus greatly increasing the crop.

5F102 New Damson—This is an improved strain over the ordinary Damson. The blue plums are medium size of finest quality. Free-stone. A heavy regular bearer. Ripens in September. Hardy to northern Iowa.

5F103 Green Gage—The sweetest eating and canning plum, it is just full of sweet, sugary flavor. Large greenish-yellow fruit, freely produced. Free-stone. Ripens in September. It is not suited to extremely cold sections like northern Iowa. These trees are shorter than the others because they do not grow as tall.

5F104 New Pipestone—A new Plum from Minnesota. The fruit is immense size, the largest plum we have ever grown. It has a very attractive color, red with a golden blush. The flesh is yellow, juicy and excellent quality. Fine for eating and cooking. Bears very young and heavily, ripening in August. Very hardy.

5F105 New Red Coat—This also comes from Minnesota and is one of our best plums for canning. It is perfectly free-stone, the stone falling right out when you cut the fruit in half. The fruit is large, prune-shaped, a bright red color, good quality especially fine for canning. A healthy vigorous grower that bears young and every year. Ripens in August. Very hardy.

5F106 New Stanley—A new prune-type plum from New York that is rapidly becoming the most popular of all plums. Large, dark blue, prune-shaped fruits. The yellow flesh is firm, sweet and delicious flavor. Exceptionally fine both for eating fresh and canning. A very heavy and regular bearer. Ripens in early September. Free-stone. It is hardy up to central Iowa. These trees will not be as tall as other varieties because they naturally grow shorter.

5F107 Superior—This fine plum should be widely planted. The fruit is large, attractive red color and a rich sweet flavor. It bears very heavily, every year. Ripens in early August and is very hardy. Fine for both eating and canning. A good pollinizer for other plums too.

5F108 Toka—Originated by Prof. N. E. Hansen, the famous plant genius from South Dakota, this is undoubtedly the richest flavored of all plums—a sweet, somewhat spicy and tangy flavor that is unequalled. The fruit is quite large, a beautiful apricot color with very firm, yellow flesh. Perfect free-stone. Fine for eating and canning. Ripens in August. Very hardy. It is also a good pollinizer for other plums.

5F109 New Wisconsin No. 25—A new plum from Wisconsin. Extremely hardy and a good producer of good-sized red plums. It is especially valuable as a pollinizer for other plums. It makes them bear better.

I nter-State's Flowering Shrubs

Make Your House a Home, Have Blooms, Spring to Frost

When your yard is nicely planted, how proud you and your family are of it. Also it creates a good impression on all who pass by. Shrubs are needed in so many places, for foundation planting, in corners, borders, in groups, often along the lot line or driveway. Once planted they require very little care and bloom year after year. A few dollars spent this spring will bring untold pleasure and beauty to your home.

You can have shrubs in bloom from early spring until frost. You start with the Golden Bell and Flowering Almond, followed by Lilacs and Spireas and for the late fall the Hydrangea P. G. and the coloring of the Barberry leaves. Look carefully through these pages of shrubs and select the ones that fit your needs. All are carefully described and some of them pictured. ALL SHRUBS ARE POSTPAID.

5S2 Pink Flowering Almond — This lovely shrub bids a joyous welcome to spring. It bursts into bloom real early even before its leaves appear. The small perfectly double pink flowers resemble small roses and completely cover every branch, every twig, from top to bottom. It makes a rounded compact bush 3 to 4 feet tall and just as wide. Grows everywhere in the United States.

12 to 18 inches. . . . **Each 50c, 3 for \$1.25**

5S6 Barberry, Green Leaf (Thunberg's or Japanese)—One of the most widely planted, low growing shrubs. Ideal for bor-

der and foundation planting. Makes a low, dense, rounded bush 3 feet tall and just as wide. Grows in sun or partial shade. The foliage colors a beautiful bronzy-red in the fall, with bright red berries, which hang on all winter. Easy to grow.

12 to 18 inches. . . . **Each 40c, 3 for \$1.00**

18 to 24 inches. . . . **Each 50c, 3 for 1.25**

5S7 Barberry, Red Leaf — Most brilliantly colored of all shrubs, with its lustrous red foliage all through the season. Makes a dense, compact bush 3 feet tall and just as wide. Plant in full sunlight. A few bushes here and there, particularly in

far corners, brighten the landscape. Its red berries hang on all winter. A distinctive, colorful shrub.

12 to 18 inches. . . . **Each 40c, 3 for \$1.00**

18 to 24 inches. . . . **Each 50c, 3 for 1.25**

GOLDEN BELL, Forsythia

SPIREA VAN HOUTTE *Bridal Wreath*

5S139 This shrub has done more to beautify the homes of America than any other. It is today, after many decades, just as popular and widely planted as ever. It makes good everywhere. In the spring it is a solid mass of white. Can be used for foundation planting, single specimens, in groups, for screens, hedging, in fact, almost any place you want a medium tall, hardy, flowering shrub. Grows in sun or partial shade.

12 to 18 inches. . . . **Each 30c, 3 for \$.75**

18 to 24 inches. . . . **Each 35c, 3 for .90**

2 to 3 feet. . . . **Each 45c, 3 for 1.25**

5S44 Golden Bell (Forsythia Spectabilis) — There are several varieties of Golden Bell but this is the best. It is the first shrub to bloom in the spring, its bright yellow flowers light up the entire yard. Grows 5 to 6 feet tall and succeeds everywhere. The foliage remains a beautiful green all summer. Has beautiful dark green bark in winter. Thrives in sun or part shade.

12 to 18 inches. . . . **Each 40c, 3 for \$1.00**

18 to 24 inches. . . . **Each 50c, 3 for 1.25**

HYDRANGEA SPECIAL

5S141

1 Oak Leaf Hydrangea
1 Blue Hydrangea

(See Page 27)

Both for \$1.45 Postpaid

5S59 Hydrangea, Hills of Snow—A grand shrub for shady places. From June to August covered with large, rounded white flowers, like huge snowballs. The heart-shaped leaves are also attractive. Perfectly hardy, thrives every where excepting southern states. Grows 3 to 4 feet tall.

12 to 18 inches... **Each 60c, 3 for \$1.50**
 18 to 24 inches... **Each 75c, 3 for 2.00**

5S60 Hydrangea, P.G. — The cone-shaped flowers are immense, often almost a foot long. At first they are white, then turn pink and bronze. In the middle west it does best planted in partial shade. In the east, north and west can be planted in either part shade or full sun. Grows 3 to 5 feet tall and blooms from mid-summer on.

12 to 18 inches... **Each 50c, 3 for \$1.25**
 18 to 24 inches... **Each 60c, 3 for 1.50**

5S51 Honeysuckle, New Red Tartarian —This is a new variety, not the old Red Tartarian. The flowers are rosy-red, the color of an American Beauty rose. Does not grow quite as tall as the old Tartarian, but is more bushy, blooms profusely, and has many clusters of orange and red berries, which attract the birds. Fine for background and screening unsightly places.

12 to 18 inches... **Each 40c, 3 for \$1.00**
 18 to 24 inches... **Each 50c, 3 for 1.25**

5S123 Snowball—An old-fashioned, tall-growing shrub, which has never lost its popularity. In the spring it is completely covered with pure white blooms like snowballs. Hardy, grows in sun or part shade.

12 to 18 inches... **Each 60c, 3 for \$1.50**
 18 to 24 inches... **Each 75c, 3 for 2.00**

5S134 Spirea, Billardi—Popular because its feathery pink plumes are produced almost all summer. Thrives everywhere, even in dry places. Grows 4 to 5 feet tall. Well adapted for shrubbery borders and foundation planting.

12 to 18 inches... **Each 40c, 3 for \$1.00**
 18 to 24 inches... **Each 50c, 3 for 1.25**

5S143 Tamarix, Hispida—This is by far the best Tamarix. As a matter of fact it is one of the finest of all shrubs. It grows 10 to 12 feet tall if not pruned but can be pruned and kept at any desired height. It grows in sun or shade, in wet or dry places. Makes a fine trimmed hedge. The fine, feathery foliage is silvery-blue. Bright pink flowers appear at intervals all summer.

12 to 18 inches... **Each 40c, 3 for \$1.00**
 18 to 24 inches... **Each 50c, 3 for 1.25**
 2 to 3 feet... **Each 65c, 3 for 1.65**

HYDRANGEA, OAK LEAF

A rather rare shrub that is a joy to behold. In June it has superb panicles of white flowers, often a foot long. The foliage resembles oak leaves and is attractive all season, especially so in the fall when it colors a glorious deep, rich crimson. It makes a large, spreading bush 5 to 6 feet tall and 8 to 10 feet wide at maturity. It will certainly be the center of attraction in your yard. Grows in sun or partial shade and is perfectly hardy.

12 to 18 inches... **Each 60c, 3 for \$1.45**
 18 to 24 inches... **Each 70c, 3 for 1.95**

Red Spirea (ANTHONY WATERER)

5S137 This is our most popular low-growing shrub. It makes a neat, dense bush, 2 to 3 feet tall and just as wide. Lovely rosy-red flowers are produced all summer. Plant it in the shrub border foreground, also fine for corner plantings. Thrives everywhere.

12 to 18 inches... **Each 40c, 3 for \$1.00**
 18 to 24 inches... **Each 50c, 3 for 1.25**

MAGNOLIA, Soulangeana

5T18 Magnolia, Soulangeana—This is the most decorative and popular of the hardy Magnolias. Delightfully fragrant, the flowers appear before the leaves, pink in the bud and white when fully open. They grow 8 to 10 feet tall and start blooming before they are 3 feet tall. A fine, low-growing, flowering tree for the lawn. Postpaid.

- 12 to 18 inches..... **Each \$2.15**
- 18 to 24 inches..... **Each 2.95**
- 2 to 3 feet..... **Each 3.75**

5S156 French Pussy Willow—This is not the Pussy Willow which is native to many states. But it is a cultivated variety which grows 8 to 10 feet tall, making a shapely tall shrub for screen or background. It makes extra large, fuzzy catkins in early spring. In the winter, you can cut the branches, place them in water inside and watch the silvery catkins unfold. Postpaid. **Each 75c.**

5T19

MAGNOLIA SPECIAL
 1 Magnolia Soulangeana, 12 to 18 inches.
 1 Dolgo Flowering Crab Tree, 3 to 4 feet.
 Both for **\$2.75** Postpaid

DOLGO Flowering Crab Tree

5F70 Plant this tree for beauty—for fruit. In the spring it is hidden by masses of beautiful white flowers tinged blush. It bears a heavy crop regularly of the brightest, reddest Crab Apples, which make the finest jelly you ever tasted. The tree itself is perfect in shape, grows 15 to 20 feet tall, hardy, healthy, succeeds everywhere that apple trees can grow. Originated at the South Dakota Experimental Station by Prof. N. E. Hansen, this is one of the very finest and easiest-to-grow ornamental trees.

- 2 to 3 feet Postpaid..... **Each, \$.75**
- 3 to 4 feet Postpaid..... **Each, 1.00**
- 4 to 5 feet Not Postpaid..... **Each, 1.25**

VIRGINAL MOCK ORANGE

5S87 Any shrub helps the appearance of a home. This one can be used for the lawn, foundation planting, or as a screen. It is one of the finest of all white-flowering shrubs. The lovely white flowers are semi-double, much larger than pictured. Blooms profusely in May-June and most any day all summer you will find some flowers. They are so delightfully fragrant that just a small spray will perfume a room. Grows 5 to 6 feet tall. Perfectly hardy all over America. Postpaid.

- 12 to 18 inches..... **Each 50c**
- 18 to 24 inches..... **Each 65c**
- 2 to 3 feet..... **Each 80c**

EUONYMUS *Burning Bush*

5S32 Euonymus (Alatus Compactus)—This is not a new shrub yet it is so rare that few people have ever seen it. There is no shrub which will draw more attention. Has yellow flowers in May–June followed by red fruits. In the fall the leaves turn such a brilliant color, coppery-crimson tinged rose, that this shrub will be the center of attention. It is far more attractive and colorful than pictured here. It has an unusual corky bark. Thrives in partial shade or full sun. Is perfectly hardy, makes a compact, bushy plant 4 to 5 feet tall and just as wide. It is not particular as to soil, growing over a very wide territory. A shrub that is ornamental and attracts attention spring, summer, fall and winter. Postpaid.

12 to 18 inches, **Each \$1.00**

18 to 24 inches, **Each 1.35**

Euonymus, Burning Bush

BLUE HYDRANGEA

5S55 A new variety that is hardy and blooms from new wood as well as old. The flower heads are large and last for weeks. In acid soil, the blooms are blue as pictured at the left. In ordinary soil, the flowers are pink as pictured on page 66. If you want blue flowers then you can make your soil acid by mixing quite a little Peat with it. See page 78 for Peat. In northern states give it some winter protection just like roses. The plant grows 2 to 3 feet tall and just as wide. It prefers partial shade and will grow in full shade. Whether blue or pink the flowers are wonderful. Postpaid, **Each \$1.25.**

Azalea Mollis

5S3 This is a selected strain with larger flowers of brilliant colors, vivid orange, flame, salmon and gold that completely cover the bush in May and June. Grows 3 to 4 feet tall and just as wide. Thrives in sun or partial shade and will stand 10 below zero without injury. A mulch of Peat Moss or leaves is beneficial. In shrub borders, in foundation plantings, it adds a touch of color that no other shrub can give. Even the young plants we send you **WILL BLOOM THIS SEASON.** Postpaid, **Each \$1.00.**

Beautiful, Colorful French Lilacs

PLANT EARLY THIS SPRING WILL BLOOM NEXT SPRING

5S64 **Bleautre** — Large symmetrical panicles of deep blue.

5S61 **Charles X** — Blooms profusely every year, wine-red.

5S62 **Katharine Havemeyer** — An outstanding variety with immense tresses of mauve-pink.

5S67 **Ludwig Spaeth** — Most popular of all named Lilacs, a rich purple.

5S68 **M. C. Perier** — Free-blooming, rich creamy white.

5S69 **Michel Buchner** — Lovely, dark lilac-colored flowers. Profuse bloomer.

YOUR CHOICE OF ABOVE 6 VARIETIES

12 to 18 inches, Each 75c

18 to 24 inches, Each 90c

5S88 **1 Each of All 6 Above, 12-18 inches, for \$3.95**

5S89 **1 Each of All 6 Above, 18-24 inches, for \$4.95**

Until you have them blooming in your own yard you cannot realize the beauty of French Lilacs. They bloom very young, generally the next year after planting. Each passing year adds to their beauty and they last for generations. Many people think that these Lilacs are the finest of all shrubs. They do not grow very tall, 6 to 8 feet. Their fragrance fills the air. By all means include some in your plantings, you will never regret it. Plant Lilacs as early as you possibly can. All Lilacs Postpaid.

Below we list four extra fine varieties that ordinarily sell at such high prices that few people have them. Quantity production enables us to offer them at these special prices.

5S70 **Edith Cavell** — Creamy yellow buds which open to pure milk white. Extra large, lacy panicles.

5S66 **Lucie Baltet** — The buds are old-rose, the open flowers are the clearest pink of all Lilacs.

5S73 **President Lincoln** — Acknowledged to be the finest of all clear blue Lilacs.

5S63 **Marechal Foch** — The individual flowers are very large, almost 1 inch across. The color is a deep pink with a delicate lavender tinge.

Hardy Red

Crape Myrtle

**BLOOMS CONTINUOUSLY
MIDSUMMER TO FROST**

Crape Myrtle, the south's most beautiful shrub, can now be grown much farther north. We have secured a strain which is hardier. In northern states, grow it just like Everblooming Roses, giving winter protection by mounding up dirt before cold weather comes. It blooms on new growth so it does not matter if the old top is entirely killed. The flowers have such lovely, clear colors with a soft crepe-like texture. We have priced them reasonably so all can enjoy this wonderful shrub. **THEY WILL BLOOM THIS SUMMER.**

VINES

WISTERIA SPECIAL

1 Sierra Madre Wisteria
1 Pink Wisteria
((\$2.50 Value))

5V12

Both for **\$1.95** Postpaid

Sierra Madre Wisteria

5V21 Pictured above is just a portion of this world famous wisteria at Sierra Madre near Los Angeles. The largest vine in the world, it covers so much room that conventions are held under it. The thousands of flowers are a lovely lilac color and fragrant. With the owner's permission, cuttings were made from this immense vine and these plants we offer you were propagated from those original cuttings. **THIS IS THE FIRST TIME PLANTS FROM THIS VINE, CENTURIES OLD, HAVE BEEN OFFERED FOR SALE.** Order yours early as our stock is limited. Postpaid. **Each \$1.50.**

Inter-States Clematis

Clematis are the most colorful and many people think them the most beautiful of all flowering vines. On a porch, pergola, trellis or fence, they are truly a gorgeous sight, so many lovely flowers of purple, white and red, all summer. A location shaded from the hot afternoon sun is ideal. Ours are the finest 2 Year No. 1 plants grown in this country. They will **BLOOM THIS SUMMER.** Postpaid.

5V2 Henryi—A chastely pure white flower of unrivaled charm. Immense size, often 7 inches across, and produced all summer. **Each \$1.00.**

5V3 Jackmani—When you see this plant, covered with hundreds of purple blooms, you will know why it is called the Queen of all Vines. The flowers are large, 4 to 6 inches across and produced freely all summer. **Each \$1.00.**

5V4 Mme. Ed. Andre—Its striking, velvety red flowers are produced profusely. **Each \$1.00.**

add charm to your home

5V14 Pink Wisteria—A new rare Wisteria with exquisite pink flowers that are more lovely than our picture shows. A profuse bloomer and our grafted plants generally bloom next year after planting. Perfectly hardy, easy to grow. For a charming color effect, plant both the Pink and Purple Wisterias. Two year old plants.

Postpaid. **Each 75c, 2 for \$1.25**

5V15 Purple Wisteria—A magnificent vine, becoming more beautiful each year and lasting for generations. Our stock is grafted which induces early blooming. Sometimes they even bloom the same year planted and always the next year. The flowers are fragrant and come in clusters in May-June. The color is lilac-purple, far superior to the lavender color of the common Wisteria. Two year old plants.

Postpaid. **Each 60c.**

5V16 1 Pink and 1 Purple Wisteria for \$1.15 Postpaid

NEW SURE-TO-FRUIT BITTERSWEET

5V19 The ordinary Bittersweet often fails to fruit. Here is one that always fruits. Even one vine planted alone will bear fruit but if you plant 2 or 3 close together so they can cross-pollinize, then they will all bear a great deal more. Grows rapidly in any kind of soil, in sun or partial shade. Blooms in June followed by the clusters of attractive orange-red berries. Makes fine late fall and winter bouquets.

Postpaid. **Each 75c, 3 for \$2.00**

SUMMER KING, Honeysuckle

5V9 Pictured below. This is one of the finest of all flowering vines. From June till frost it is covered with showy clusters of fragrant flowers, rose-flame outside and gold inside. The more you cut the flowers, the more it blooms. The foliage itself is very attractive, a rich blue-green, making a perfect background for the lovely flowers. Can be used in so many places—porch, pergola, trellis, fence, fine for covering bank or cave. Hardy healthy, easy to grow, thrives in sun or part shade, in every state. Heavy 2-Year plants will bloom this summer. For a trellis, you can get nothing that is more attractive. Postpaid.

Each 65c, 2 for \$1.15.

VINE SPECIAL

1 Clematis, Jackmani
1 Silver Lace Vine

BOTH FOR \$1.45 POSTPAID

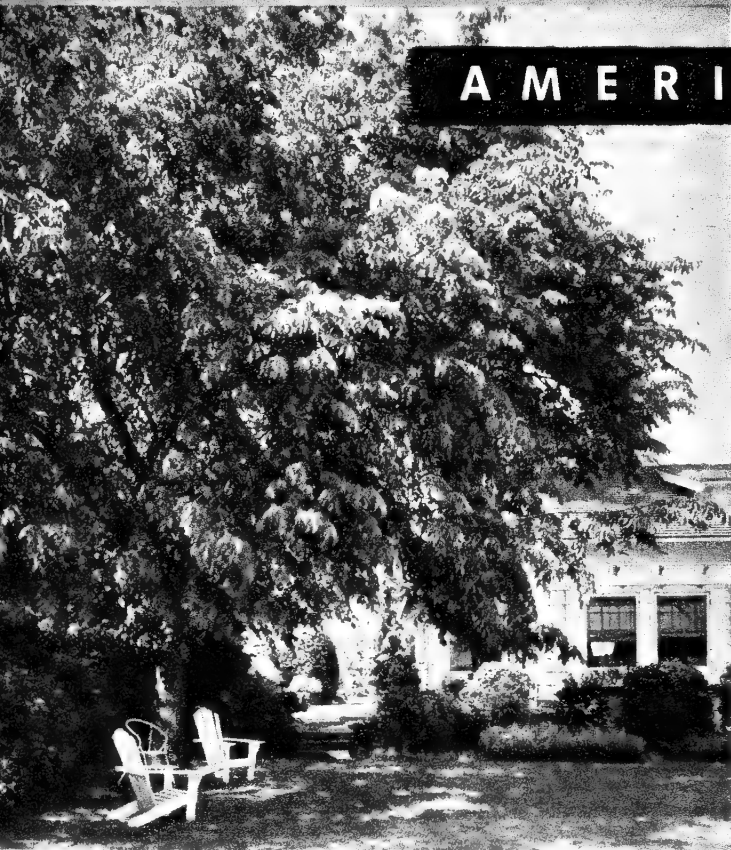

SILVER LACE VINE

5V17 Silver Lace Vine—The Fastest Growing Hardy Vine. The picture shows how lovely they are. A hot, sunny porch can be made cool and inviting. Often grows 10 to 12 feet the very first season. From mid-summer to late fall it is completely covered with thousands of small, white flowers. The foliage is glossy green. Easy to grow, it is ideal for porch, pergola, trailing over a fence, stumps and banks. Our heavy field-grown number one plants **WILL GIVE YOU SHADE AND FLOWERS THIS SUMMER.**

Postpaid. **Each 75c, 2 for \$1.25.**

Shade Trees for beauty and comfort

AMERICAN ELM

a grand old tree

5T15 This grand, stately tree is known, loved and planted from the Rockies to the Atlantic. Give it plenty of room for development as it grows 60 to 80 feet tall and makes a wide spreading top.

4 to 5 feet, Not Postpaid..... **Each \$.75, 2 for \$1.35**

 5 to 6 feet, Not Postpaid..... **Each 2.00**
 6 to 8 feet, Not Postpaid..... **Each 2.50**

PIN OAK

the most majestic of shade trees

5T11 Everybody thinks the Oak is a grand tree and always admired it. But few have planted them for two main reasons. In the first place they have sold at high prices. In the second place many people think they grow so slowly. Now we are offering the Pin Oak, the finest of all Oaks, at the price of just ordinary trees. Careful records have shown that the Pin Oak, the fastest growing of all the Oaks, actually grows almost as fast as the American Elm. It is one of the most enduring of all trees. A tree planted now will be a great pleasure to you and for generations to come. For street and lawn planting it has no equal.

It grows in symmetrical, pyramidal form and at maturity towers 60 to 80 feet high. The rich green foliage is deeply cut and colors to a glorious coppery-red in the fall. A sturdy, rugged grower, it adapts itself to all locations and is not bothered by insects or diseases. Plant Pin Oak and every year hereafter you will be thankful.

3 to 4 feet, Not Postpaid..... **Each \$1.00, 2 for \$1.85**

 5 to 6 feet, Not Postpaid..... **Each 2.00, 2 for 3.65**

CHINESE ELM

America's Most Popular Shade Tree

5T20 Because of its extremely rapid growth, the Chinese Elm has become popular. Under ordinary conditions, it grows 5 feet a year. In just a few years, it makes excellent shade. It is very valuable for those sections of America where most other trees will not live or thrive, where it is hot and dry, even in alkali. It seems to thrive even in the poorest soil. But in those sections where Maples, Oaks and American Elm are grown, we advise planting the Chinese Elm only as a temporary tree for quick shade. There are hundreds of thousands of such homes, which would be more attractive and more comfortable if some of these quick-growing Chinese Elms were planted.

A 5 to 6 ft. Tree, 7 Years after Planting

A WINDBREAK IN JUST 5 YEARS

A windbreak around your home and farm buildings makes living more comfortable both summer and winter. It breaks up the dust storms and blistering hot winds and the biting cold winds and drifting snows. It will take less fuel to heat your home. Your livestock and poultry will show greater production and profit. Chinese Elm is the fastest growing, drought resistant, economical tree you can plant for a windbreak. In three years you will see a big growth, in 5 years you would not sell it back for hundreds of dollars. These young Chinese Elm Seedlings, are especially fine for windbreak planting. Plant them 4 to 6 feet apart. Two rows in zig-zag fashion help a lot, but three or four rows are better.

12 to 18-inch Chinese Elm 5 Years after Planting

5T26 CHINESE ELM SPECIAL FOR WINDBREAK 150 for \$2.25

Fine 12 to 18 inch plants, Postpaid

For windbreaks, the Chinese Elm is certainly a great blessing. Plant this spring and in a few years you wouldn't part with them for many times what you paid for them. Every day, summer and winter, they add to your comfort and make you money by their protection. For best results, plant 3 or 4 rows.

FOR QUICKER EFFECT—Plant these Root-Pruned-2 Yr. Seedlings

5T22 We have a fine field of 2-Year Chinese Elm Seedlings. These have been grown in wide rows and root-pruned which means a better root system. If you want a windbreak in a hurry, plant these. Also if you want to plant quite a lot of Chinese Elm Trees and hesitate about paying the higher price for the transplanted shade trees above, then these will do very well for you. The price is so low you can afford to make liberal plantings around your home and buildings, giving shade in summer and protec-

tion from the hot winds of summer and cold blasts of winter. A planting of Chinese Elm is a blessing on any farm and especially so in those parts of Texas, Oklahoma, Kansas, Nebraska, Colorado, Wyoming and the Dakotas, where so few other trees thrive. These 2-Year Chinese Elm will grow rapidly and are a great value at these prices. They will be shipped at planting time by express.

INTER-STATE HARDY *Hedges*

INTER-STATE TRUEHEDGE

Columnberry

Plant Patent No. 110

You get immediate hedge effect, right from the day planted. Narrow, upright, requires almost no trimming.

5H5 **Truehedge Columnberry** is a sensational new plant. One of the greatest introductions of the past decade. As a hedging it is unique in that it grows upright, therefore will make a hedge almost without any trimming. It is especially valuable in places where a narrow hedge is wanted. It grows very dense, bushy, upright and even the size as small as 9 to 12 inches cannot be seen through. The leaves are a deep glossy green and cover the plant completely right down to the ground. In the fall it colors a rich orange-red and the red berries hang on all winter. The plant is perfectly hardy, easy to grow, and succeeds everywhere. It is rustproof. Almost right from the day you plant it, you get immediate hedge effect. It can be trimmed and clipped to any desired shape and

form. This is especially valuable in formal gardens. In the north, it is very desirable because it can be used like Boxwood, so you can get an English and Colonial effect. Allowed to grow naturally, it makes an unsurpassed semi-formal hedge 3 to 4 feet tall. If you set the plants 6 to 9 inches apart, depending upon their size, you get an immediate hedge.

CHINESE ELM The Fastest-Growing Hedge in America

5H1 There is probably no other plant that will produce a permanent hedge as quickly as Chinese Elm. It grows so rapidly that it will make a hedge in just a few months after planting. Chinese Elm is one of the first to leaf out in the spring, and one of the last to drop its leaves in the fall. It grows—yes thrives in sections where few other hedges grow because of climatic conditions, such as heat and drought in summer and extreme cold in winter. The most economical hedge you can plant. It is planted in almost every state. The more you trim it the more dense and compact it becomes. You can trim it to a medium height hedge 3 to 4 feet tall. Or you can let it grow taller, making a perfect screen, 6, 8, 10 feet or taller, trimming it at whatever height you want. These plants are especially selected for hedging. We recommend that after planting, you cut off all the top, leaving only 3 to 4 inches above ground. This makes the plant branch out right down to the ground. Then after the new branches are 6 to 8 inches tall, nip off just the ends. This makes them branch still more. A little extra care at the start makes a bushier and better hedge. Plant Chinese Elm 8 to 10 inches apart.

PROTECTION • PRIVACY • BEAUTY

BRIDAL WREATH

5H3 Spirea, Van Houtte (Bridal Wreath)—This picture—an actual photograph—shows better than we can describe what a beautiful untrimmed flowering hedge this makes. Every spring you see Bridal Wreath with its great masses of drooping branches covered with millions of small white blooms, resembling a huge bank of snow. It is the most widely planted of the untrimmed hedges. The foliage is beautiful and colors some in the fall. It requires no care and lasts a lifetime. Perfectly hardy, it thrives in full sun or partial shade. You see it all over America and everywhere it is attractive and thriving. Plant 2 to 3 feet apart.

Postpaid	Per 12	Per 25	Per 50	Per 100
12 to 18 inches.....	\$1.75	\$3.15	\$5.85	\$10.85
18 to 24 inches.....	2.25	4.15	7.85	14.95

A living hedge adds much to the appearance of a home. Like a picture frame, it "sets off" the house, making it a home with an individuality and not just another house in the block. Also it keeps off trespassers. Our plants are grown especially for hedging, are hardy, branched, well-rooted. Choose the one that suits your purpose best. With each order we send planting instructions, showing you exactly how to plant to make the best hedge.

WINTERBERRY, STAYS GREEN ALL WINTER

5S155 Winterberry (Euonymus Patens)—This is one of the most attractive of all shrubs. The leaves are lustrous glossy green and stay on all winter. It thrives in sun or part shade and makes a shapely graceful bush with bright red berries which hang on a long time. Grows 4 to 5 feet tall but can be trimmed to lower height if desired. In fact it makes a magnificent hedge. Also very fine for foundation planting or around the porch. Does fine all through the south, in eastern states like Ohio and Pennsylvania and in the central states, but it is only semi-hardy in extremely cold states.

Postpaid	Per 12	Per 4	Each
12 to 18 inches.....	\$6.95	\$2.50	75c

HARDY RUSSIAN PRIVET

5H2 Hardy Russian Privet (Amoor River North)—You can see how attractive this trimmed hedge makes this yard look. It not only adds beauty, it protects your yard, especially if you have a corner lot. It can be trimmed to any desired height, making a dense, thick hedge. You need trim it only once or twice during the summer. But if you trim it more often, it will become even more dense and bushy. This is the hardiest of all Privets, standing 20 below zero without injury. The leaves are a rich dark green and hang on until very late fall. Plant 1 foot apart.

Evergreens

FOR PERMANENT BEAUTY

Evergreens are attractive both summer and winter. Out of many kinds we selected these five because of their beauty and all around excellence. They are bushy, transplanted trees, grown in wide nursery rows. The Moonbeam, Fastigiata and Pfitzer never have to be trimmed, but keep in mind that any evergreen becomes bushier and more dense if it is trimmed. Virginiana makes a rather large tree if not trimmed. In most places it should be sheared two or three times a year.

FASTIGIATA JUNIPER

5E4 Unfortunately this attractive evergreen has a difficult name. Where you want a very narrow, medium-height evergreen this is the right one to use. It grows scarcely 2 feet wide and 6 to 8 feet tall. The foliage is a very attractive silvery blue-green. It never has to be trimmed to make it narrow as it grows naturally that way. For accent, especially in corners it is ideal. Postpaid.

15 to 18 inches, **Each \$1.50**

18 to 24 inches, **Each 2.00**

VIRGINIANA JUNIPER

5E5 In the picture these are the tall ones up near the house. This grows everywhere and is America's most popular evergreen. It makes a tall, symmetrical tree, but it can be kept sheared to any desired height and width. The more you trim it the more dense and full it becomes. The foliage is dark green which colors bronze in the winter. Postpaid. 15 to 18 inches, **Each \$1.00**—18 to 24 inches, **Each \$1.50**

PFITZERIANA JUNIPER

5E2 These are the low ones at the side of the steps in the picture above. This is the most popular and widely planted of all evergreens. It makes a spreading plant 3 to 4 feet tall and 6 feet or more wide. However, it stands shearing perfectly if you want them smaller. The foliage is a rich green and makes a beautiful contrast when planted with the Blue Juniper on page 37. We can assure you these are the two finest low-growing evergreens in America, one is green, the other blue. You can easily imagine how attractive they will look planted in your yard. Postpaid.

18 inches, **Each \$1.50**, 2 for **\$2.75**, 6 for **\$7.50**

24 inches, **Each 2.00**, 2 for **3.75**, 6 for **10.50**

MOONBEAM, *Arbor Vitae*

5E3 This is ideal where you want an evergreen that makes a compact, rounded plant that does not grow very tall. Moonbeam has a handsome emerald-green foliage and it seldom grows more than 4 to 5 feet tall and 3 feet or so wide. It never has to be trimmed but if you want to make it a little smaller in size then it trims perfectly. The more you trim any evergreen the bushier and denser it becomes. You can find many places in your yard where Moonbeam will just fit perfectly, not too large, not too small—attractive every day in the year. Postpaid.

15 to 18 inches, **Each \$1.50**

18 to 24 inches, **Each 2.00**

Beauty for all the Seasons

SCARLET MAPLE

PURPLE MAPLE (Schwedler's)

5T5 One of America's finest trees, beautiful in spring, summer, and fall. In spring, the foliage is a rich, reddish-purple; in summer, it is bronzy green and in fall, golden yellow. The growth is so symmetrical and perfect that even a young tree has a commanding appearance. Valuable as a lawn specimen and fine for parking.

BLUE JUNIPER

5E1 Blue Juniper (Patent No. 422)—A new evergreen that we consider the most outstanding variety introduced in the last 25 years. It is low growing like the Pfitzer's but the foliage has a beautiful silvery blue color that is impossible to reproduce on paper. The color is the brightest on the new growth and darkens somewhat on the inside. It is one of the few evergreens which will thrive over the entire United States, in the south as well as the north, east and west. Ideal for corners, for foundations, beside the walk, near the porch, any place you want a low growing Evergreen. It eventually reaches a height of 4 feet, and 6 to 8 feet wide. Postpaid.

Flowering Hopa Crab

Flowering Hopa Crab

5T1 Our most popular, low-growing, ornamental tree—beautiful in bloom, beautiful in foliage, beautiful in fruit. In the spring it is simply covered with the fragrant, bright pink flowers. From mid-summer till severe freezing, the clusters of small, red crab apples gleam brightly along the branches. This fruit makes very fine jelly. In the spring, the foliage is a rich maroon. Perfectly hardy, easy to grow, thriving in any soil. Originated by the eminent Prof. N. E. Hansen of the South Dakota Experiment Station.

INTER-STATE'S

"Get-Acquainted"

COLLECTION

This offer is made especially for those who have not planted any Inter-State roses. We want you to discover the satisfaction, the pleasure, the joy, that Inter-State roses have brought to hundreds of thousands. Every variety in this collection is exceptionally free-blooming, a vigorous grower, a hardy, rugged plant. We know that they will bring us repeat orders, satisfied customers.

Plant some this spring. Send some to friends. We will ship direct to them, postpaid. In eight weeks or so, they will start blooming, beautiful, fragrant flowers, lovely in the garden and fine for cutting, all summer and many summers to come. They are fully described on pages 46 and 47. You get exactly the same fine plants as though you paid the full price of \$1.00 each.

1. Mrs. P. S. DuPont, *shining golden yellow.*
2. McGredy's Scarlet, *luminous carmine-red.*

Patented Roses

Mme. Chaing Kai-shek

Crimson Glory

5C15 Mme. Chiang Kai-shek (Patent applied for)—A rose so exquisite that mere words cannot describe it nor any picture do it justice. Superb pointed buds of soft yellow and as the petals gracefully unfold, the outer petals become a rich ivory, with the center a clear canary-yellow. A full, double rose with 35 petals, freely produced on fine stems for cutting. It has a subtle fragrance that enchants you. One of the world's great roses. An All-America Rose Selections winner for 1944. Postpaid. **Each \$2.00.**

5C14 Heart's Desire (Patent No. 501)—An All-America winner and destined to become one of the greatest roses of all time. The buds are absolutely perfect and they open into large, graceful, double flowers on long stems, fine for cutting. The color is a bright yet soft crimson-scarlet that does not fade. So fragrant, a small bouquet perfumes a room. A healthy, hardy, vigorous grower that improves with age. Postpaid. **Each \$1.50.**

5C12 Douglas MacArthur (Patent No. 581)—A new rose that asks no favors and requires no coddling. Hardy, vigorous with dark green, healthy foliage, it produces its lovely flowers all through the season. The long buds open slowly into glorious flowers of cerise, gold and delicate salmon. Truly a flower of superb beauty. Postpaid. **Each \$1.50.**

5C11 Crimson Glory (Patent No. 105)—A deep crimson with a velvety sheen. The flowers are perfect, exquisite buds opening into large, magnificent blooms, very fragrant. The plant makes a strong, rather spreading bush. Hardy, healthy, producing the beautiful flowers from early summer to frost. Lovely in the garden and exceptional for cutting. Postpaid. **Each \$1.50.**

5C16 Pearl Harbor (Patent applied for)—Here is a rose that has all the robust health and vigor of Pink Radiance and produces a much better bloom. The flowers are larger, more double, a better bud, also better when open. The color is also richer, a lovely light pink inside and bright pink outside. A free, continuous bloomer. In addition, it has almost no thorns, a feature you will like. Postpaid. **Each \$1.50.**

5C18 Lowell Thomas (Patent No. 595)—A 1944 All-America Rose Selections winner. Probably the very finest golden yellow rose, with 35 large petals that hold their color. Comes singly on long stems. Fragrant, good bloomer. Postpaid. **Each \$2.00.**

4C50 Mirandy (Patent No. 632)—1945 All-America Rose Selections winner. The color is just between Crimson Glory and Heart's Desire. Very large, fully double flowers. Fragrant and long lasting. Free blooming, very disease resistant foliage. Postpaid. **Each \$2.50.**

5C17 Shangri La (Patent applied for)—A magnificent new rose with lovely double flowers of brilliant rose-pink. Fragrant, long lasting. Beautiful in the garden, fine for cutting. A healthy, vigorous grower, free-blooming. Postpaid. **Each \$1.50.**

These are genuine Inter-State Ever-blooming Roses, smaller plants of the same fine varieties as pictured and described on the other rose pages. But in this Color Special, instead of buying them by name, you buy them by color AT A SPECIAL LOW PRICE. You will have beautiful, fragrant roses, and lots of them, this summer and many summers to come.

Glorious Floribundas

BLOOM JUNE TO FROST, REMARKABLY HARDY

The profusely blooming Floribundas attract attention everywhere, in groups, beds or borders. The flowers are excellent for cutting. Plants are hardy, vigorous, disease-resistant. Plant 15 to 18 inches apart.

5C90 Else Poulsen—Year after year this magnificent rose produces many clusters of apple-blossom pink flowers. As a hedge, in the border or solid bed, it is one of the finest of all roses. Hardy, blooms all summer. Grows 24 to 30 inches tall.

5C91 Gruss An Aachen—Buds orange-pink, open into double flowers of exquisite orchid-pink. Always in bloom. Makes a rather spreading bush about 15 inches tall. Does fine in partial shade.

5C92 Improved Lafayette—This variety is so attractive, that people passing a bed of it will stop and ask the name of the variety. Its cheerful cherry-red, semi-double flowers are produced lavishly from late spring to frost, the most profuse blooming rose we know. Grows 24 to 30 inches tall.

5C94 Baby Chateau—Clusters of double velvety, deep crimson blooms, on long, strong stems. Glossy foliage. Makes a vigorous, bushy plant about 24 inches tall.

EVERBLOOMING BABY ROSES

Plant them in solid beds or borders. They make charming borders for rose beds. They require so little care, and are very hardy. Bloom constantly from late spring to freezing. They grow about 18 inches tall. Plant 12 to 15 inches apart.

5C96 Chatillon—The finest low-growing pink, with enormous heads of vivid pink flowers all through the season. You will want more after you see it bloom.

5C98 Sparkler—The popular low-growing red baby rose. It is always full of bright crimson flowers. A solid bed or border is a constant delight.

5C97 Gloria Mundi—Huge clusters of brilliant orange-scarlet flowers, extremely double, cover the bushy plant all season. This variety will be a bright spot in your garden.

5C99 White Baby—The lovely double white blooms are produced freely throughout the season. Used for cemetery planting or any place you want a low-growing plant with white flowers all summer.

INTER-STATE'S *Famous Everblooming Roses*

ALL flowers are beautiful but the Rose is rightfully called the Queen of All Flowers. None other can equal its fragrance, its colorful beauty, its grace, its freedom of bloom from spring to frost—each flower bringing its message of joy, cheer, beauty and love.

Can you think of another hobby that will provide more pleasure and more beauty for you than growing roses? There is a thrill when you walk into a rose garden and smell the delightful fragrance of the beautiful flowers.

Each year many thousands buy from this fascinating selection of glorious, hardy, everblooming roses. They will commence blooming 7 to 8 weeks after planting. PLANT ROSES EARLY, around the time when people are putting in their early gardens. The sooner you plant, the sooner they commence blooming. Plant 15 to 20 inches apart. With each order we send Planting Instructions telling you how to plant and care for your roses, summer and winter.

These roses are all strictly first quality, hardy, field-grown budded plants, which have made Inter-State roses famous all over America.

Selected 2-Year, No. 1 Plants

5C19 American Beauty—The large, fragrant carmine-red flowers of this famous rose have been popular for generations.

5C22 Christopher Stone—A most exciting new rose—a brilliant, sparkling scarlet-crimson without a trace of blue. Shapely long pointed buds open into large attractive flowers with the true old damask rose fragrance. A healthy, vigorous grower and exceedingly free-bloomer. Stands lots of heat. Generally considered the best bright red rose. A solid bed is a glorious sight all season. Pictured on page 40.

5C21 Condesa de Sastago—Large, fragrant flowers of fiery copper-red inside and rich yellow outside. Strong, healthy, vigorous grower.

5C23 Contrast—A strikingly beautiful two-tone rose, the inside of the petal is cerise-rose with a brightening touch of orange, and the outside is satiny white.

The flowers are very full and double, fragrant and produced abundantly throughout the entire season. Extra fine in the garden and unsurpassed for cutting with their long stems. It is a strong, husky, vigorous grower, healthy and hardy. A great rose for everybody, a rose that "can take it." Pictured on page 40.

5C25 Duquesa de Penaranda—A most intriguing color of orange-apricot, with deeper coppery tones, large pointed buds, sweetly perfumed and long lasting. A tall, strong grower with beautiful light green shiny foliage. One of the first varieties to bloom in the spring. Pictured on page 41.

5C26 Edith Nellie Perkins—One of the finest of all roses. The long, pointed buds come on long stems and open into perfect flowers of orange-cerise and salmon tinged gold inside. Fragrant. Grows vigorously and blooms freely.

5C27 Editor McFarland—All through the season, the lovely fragrant, glowing pink flowers are produced on long, strong stems, fine for cutting. The buds are perfect. We consider this one of the finest pink roses ever introduced. Pictured on page 39.

5C28 E. G. Hill—Large flowers of very lasting dazzling scarlet-crimson, never fading or turning blue, but actually becoming deeper red as they open. The flowers are borne on long stems and are very fragrant. Its brilliant color, extra freedom of bloom and lasting color qualities have made it so popular. Pictured on page 39.

5C30 Etoile de Hollande—The perfect buds open beautifully into glorious perfect flowers of velvety crimson. Incomparable fragrance. The bush is strong, free branching and healthy. Fine for cutting. Pictured on page 41.

5C34 Frau Karl Druschki—The magnificent white rose that is loved by all. Immense long, pointed buds open into graceful flowers that are unsurpassed for form and the color is the clearest, pure white. Perfectly hardy. Such a vigorous grower you should plant them farther apart.

5C35 Glowing Carmine—Large, fully double fragrant flowers of the most beautiful shade of rich carmine. Freely produced on long, strong stems. Long-lasting.

5C36 Golden Dawn—This lovely rose has taken the entire world by storm. The gorgeous buds of yellow have splashes of carmine and open into large, fragrant flowers of rich yellow. Hardy, vigorous, free-blooming.

5C37 Golden Rapture—Exceedingly fine new rose with fragrant flowers of clear golden yellow. Exquisite buds on long stems, fine for cutting as they last so long. A robust grower, it produces its fine flowers all through the season. See page 41.

5C38 Gruss an Teplitz—A great bedding rose, always in bloom. The flowers are fragrant and such an intense scarlet. Very hardy. A bed of about 250 plants in our famous rose garden at the World's Fair in Chicago always attracted much attention.

5C41 Hinrich Gaede—Its brilliant blooms are the first to catch your eye—bright vermilion flushed orange. Flowers are fragrant, large, double and freely produced.

5C44 K. A. Victoria—Absolutely perfect, fragrant flowers of ivory-white. An old favorite that even today has not been surpassed.

5C46 Margaret McGredy—At first the color is a bright orange-scarlet that lightens to a rich carmine and is beautiful at all times. A healthy, vigorous grower that is always in bloom. One of the outstanding features of this rose is its delightful fragrance, which can be detected farther away than any other rose.

5C47 McGredy's Ivory—A magnificent creamy-white rose that is fragrant and deep-petaled. Buds are long pointed, opening into very large, double flowers. Many consider it the finest white rose. Pictured on page 41.

5C48 McGredy's Scarlet—A wonderful rose, beautiful in the garden and fine for cutting. The large, perfect flowers of luminous carmine-red are produced generously from spring until frost. Should be in every rose garden. Pictured on page 39.

5C49 McGredy's Yellow—This is our favorite yellow rose. The color is so soft and clear and pure. The flower has a charm and grace all its own and entirely distinct. A strong grower and free bloomer. Pictured on page 40.

5C51 Mme. Joseph Perraud—This outstanding rose is pictured on page 40. A wonderful exhibition and garden rose. The long slender buds open into fragrant full flowers of nasturtium buff flushed orange. Very vigorous. Large, glossy foliage.

5C52 Mme. Jules Bouche—A very fine white garden rose. The sweetly scented blooms are produced very freely all season and last a long time when cut. See page 39.

5C54 Mrs. E. P. Thom—A grand rose of unfading, clear yellow. Strong growing and free-blooming, it has made good all over America.

Beginner's Collection

You who think you cannot grow roses, or who have had poor success in the past, should plant these. They will live and bloom, year after year, with but little care and attention. They are all free blooming, hardy, healthy and vigorous.

- 1 Golden Dawn, yellow.
- 1 Frau Karl Druschki, white.
- 1 Margaret McGredy, carmine.
- 1 Pink Radiance, pink.
- 1 Red Radiance, red.
- 1 Talisman, two-tone.

Selected 2-Year No. 1 Plants

5C55 Mrs. P. S. DuPont—From early summer until freezing this rose is a glorious sight with its rich yellow flowers. Long pointed buds, fragrant, profuse bloomer. It was the favorite yellow rose in our World's Fair Rose Garden in Chicago. Pictured on page 39.

5C56 Mrs. Sam McGredy—Pointed buds open into beautiful fragrant flowers of apricot suffused gold. It is vigorous, hardy, free-blooming and does well everywhere.

5C59 Picture—We consider this one of the very finest pink roses in existence, a clear pink with just a trace of salmon to give it a warm glow. Delightfully fragrant. The blooms are perfect in bud and when open. Very vigorous plant which blooms continuously. Pictured on page 40.

5C60 Pink Dawn—A new rose that is fine for both gardening and cutting. The buds are lovely, and open into large, fully double flowers of clear, purest pink. Extremely fragrant. A vigorous grower, hardy and free-blooming.

5C62 Poinsettia—This free-blooming rose brings to you the brilliance, the glowing red color of the Christmas Poinsettia. Long pointed buds, ideally formed, fine for cutting.

5C64 Pres. Hoover—A glorious combination of cerise-toned orange, scarlet and

yellow. Richly perfumed, long stemmed and free-blooming.

5C66 Radiance, Pink—The great American pink rose, planted everywhere because it has made good all over America. The fragrant flowers are produced abundantly all season.

5C67 Radiance, Red—This is one of America's great red roses. Vigorous grower, hardy, healthy, free-blooming, with a true rose fragrance.

5C75 Talisman—A glorious combination of orange-yellow and rose-red. The buds are long pointed, flower is double, high centered. The fragrant flowers are freely produced all season and are especially fine for cutting as they come on long stems. The late fall bloom is exceptionally gorgeous.

5C77 The Doctor—This is considered by many to be the most beautifully colored of all roses. Mr. Fred Howard, the greatest living American rose hybridizer considers it to be one of his greatest achievements. The long, pointed buds open into simply enormous, yet graceful blooms, so fragrant that you can detect them many yards away. It is a pink with a life, an iridescence, a sheen that is beyond description. Each flower is so perfect, so gorgeous, that you will consider it almost priceless. It is far more beautiful than pictured on page 41.

PEAT MOSS

Mix about $\frac{1}{4}$ Peat Moss with the soil when planting. Plants will grow better and faster. It adds humus and helps soil hold moisture much better. It is also a good top dressing for lawns.

5K8 1 Full Bale, 100 to 125 pounds for \$3.75

5K9 3 Bushel Bag for 1.25

5K10 $1\frac{1}{2}$ Bushel Bag for .75

You pay the Express or Freight charges. Full bales should be shipped by freight three or four weeks before needed.

SOIL SOAKER

An ideal way to water your roses—or anything else—because the water seeps through the entire length of the porous canvas and wets the ground thoroughly without waste and without wetting the flowers or foliage. Just attach to garden hose. Postpaid.

5K12 12 feet long—Each \$1.40
5K18 18 feet long—Each \$1.90
5K30 30 feet long—Each \$2.90

NEW DAWN—Blooms All Summer

NEW DAWN THE BEST EVERBLOOMING, HARDY, CLIMBING ROSE

Continuous Bloomer—Fragrant—Fine for Cutting

5C152 New Dawn (Patent No. 1)—This is not only the first Everblooming Climbing rose, but also the first plant that was issued a patent. Although there have been many other Everblooming climbing roses since New Dawn was introduced, yet even today it stands supreme for continuous blooming. No other climber will produce as many flowers constantly from late spring to frost. The flowers are large, a lovely apple-blossom pink, delightfully fragrant. They come on long stems, ideal for cutting. The glossy foliage is a rich, deep green throughout the season, remarkably disease resistant. The plant is very hardy. If you have room for only one climber, choose this one for a continuation of bloom from late spring until fall.

Each **\$1.50 Postpaid**

INTER-STATE'S

Climbing Roses

For a mass display of color, hardly anything can equal climbing roses in full bloom. Used on porches, arbors, trellis and trailing over fences. All these Climbers are listed as hardy, but we recommend that winter protection be given in cold sections. If the old canes are not injured, then the amount of bloom they produce will astonish you. For fence or porch planting, set 3 to 4 feet apart. **ALL CLIMBING ROSES ARE POSTPAID.**

HARDY CLIMBING ROSES

5C149 Blue Rambler—This climber has the most unusual colored flowers, steel blue with rose shadings. **Each 60c.**

5C148 Excelsa—Bright crimson flowers in large clusters. Another old favorite that does well everywhere. **Each 60c.**

5C147 Gardenia—Vigorous climber with handsome glossy foliage and rather large, pale creamy yellow buds and blooms of delicate ivory, deeper yellow in the center. **Each 60c.**

5C161 Paul's Scarlet—This famous rose is the most popular red climbing rose ever introduced. A mature plant in full bloom is a sight that simply stops everybody who passes by. It is a solid sheet of blazing scarlet. The color does not fade but is as bright when last petals fall as when it opened. It often blooms again lightly in the fall. The flowers, semi-double, are 2 to 2½ inches across and come in clusters on long stems. A hardy, vigorous grower. Along a fence or as a background it is superb and will be the talk of the town. Plant them in groups of 3, 6 or 12. **Each 75c.**

5C164 Thousand Beauty—This great climbing rose is ABSOLUTELY THORNTLESS. It produces lavishly immense clusters of large, double, fragrant, bright pink flowers. It makes a bushy plant 8 to 10 feet tall. Vigorous grower, strong stems, fine for cutting. Very hardy. **Each 60c.**

5C146 White Dorothy—Great Clusters of double white flowers. Easy to grow everywhere. **Each 60c.**

Inter-State's Superior Phlox

We take great pride in offering these Phlox. From many varieties, we carefully selected them, each one the best of its color. The flowers are larger than shown and it is utterly impossible to picture them as beautiful and attractive as they actually are. We do not have room to picture all of our Phlox. We assure you that those listed and not pictured are fine varieties that will delight you this summer and many more to come. We send you first quality, number one, field-grown plants. Postpaid.

5P511 Salmon Beauty—This wonderful new variety has created a sensation. The individual flowers, as large as a silver dollar, are an exquisite salmon-pink with contrasting white eye. **3 for \$1.25.** Each 50c.

5P521 Progress—A superb new variety, handsome lilac-blue with deeper purple-blue eye. **3 for \$1.35.** Each 50c.

5P522 San Antonio—A new variety with immense heads of ruby-red, a color so striking it stands out in any planting. **3 for \$1.50.** Each 60c.

5P02 Border Queen—Large flowers of bright rose. Does not grow quite as tall.
3 for \$1.00, 6 for \$1.75, Each 40c.

5P510 Leo Schlageter—Full trusses of brilliant, glowing scarlet. The finest bright red phlox.
3 for \$1.00, 6 for \$1.75, Each 40c.

5P515 Daily Sketch—A magnificent Phlox, the color is a lustrous, sparkling pink with deeper eye. Large trusses of very large flowers on tall, strong stems.
3 for \$1.00, 6 for \$1.75, Each 40c.

5P516 Lillian—Entirely different from all other Phlox. The color is a soft, pleasing cameo-pink with a blue tinge at the center. Extremely free-blooming.

P. D. Williams

Beautiful Flowers all Season

5P512 Pink Charm—This new Phlox is the strongest grower in our fields. All through the season it is a wonderful sight with its great heads of gleaming bright pink with just a faint touch of scarlet. **3 for \$1.25, 6 for \$2.25, Each 50c.**

5P525 Mary Louise—The purity of color, size of individual flowers, immense heads, vigor and freedom of bloom, place this variety at the head of all the white Phlox. **3 for \$1.25, 6 for \$2.25, Each 50c.**

5P524 Charles Curtis—This new, outstanding variety is the most brilliantly colored Phlox we have ever seen. Large flowers and large trusses on erect stems. The color is a vivid sunset orange-red. **3 for \$1.50, 6 for \$2.65, Each 60c.**

5P513 P. D. Williams—The flowers are very large, many of them actually larger than a silver dollar. The color is an alluring pink with a deeper eye. **3 for \$1.25, 6 for \$2.25, Each 50c.**

5P507 Mrs. R. P. Struthers—A bright cherry-red with a darker eye. A vigorous grower and free bloomer. **3 for \$1.00, 6 for \$1.65, Each 40c.**

5P506 Thor—Immense heads of a very rich salmon. Very free-blooming. **3 for \$1.00, 6 for \$1.65, Each 40c.**

5P503 Prime Minister—A tall, stately grower with large heads of snowy-white with a red eye. Vigorous grower and free-blooming. **3 for \$1.00, 6 for \$1.65, Each 40c.**

5P509 Starlight—The best of this color, a striking purple with a white center. **3 for \$1.00, 6 for \$1.65, Each 40c.**

**These are five of America's most
popular Dahlias**

GROW AMERICA'S MOST POPULAR

Prize Dahlias

Dahlias are the largest and most beautifully colored of all the late summer and fall flowers. Easy to grow, we send simple planting instructions with every order. For exhibition, nip off the side branches allowing only a few main stems to grow. For lots of flowers, nip the ends of the main shoots when only a foot or so tall, making them branch. A young, small to medium-size bulb will do much better than a large, sappy, over-grown bulb. There is less than half a crop of Dahlias this season. Even though Dahlias are planted late, we suggest that you order them early. They will keep perfectly in a moderately cool place, until planting time. ALL DAHLIAS ARE POSTPAID.

5B6 Avalon—Our most popular yellow because its large, clear yellow blooms are produced so freely. Perfect form, long stems. The blooms are twice as large as pictured on page 54. **3 for 85c.** Each 35c.

5B27 Blue River—Immense flowers nearly one foot across. The color is very distinctive and attractive, the nearest to true blue of any Dahlia we know. **3 for \$1.45.** Each 65c.

5B7 California Idol—Giant pure yellow blooms, often 10 inches across (as wide as this book is long) on long, strong stems. A strong, healthy grower. Generally considered to be the finest yellow today and one of the great dahlias of all time. Its small tubers produce giant blooms. **3 for \$1.45.** Each 65c.

5B8 Commodore—A winner of the American Home Achievement Medal, one of the highest awards a dahlia can win. Lovely lemon yellow flowers are enormous, up to 12 inches across. **3 for 75c.** Each 30c.

5B24 Diana—Large flowers of the brightest scarlet we ever saw in Dahlias. You see it clear across the field. **3 for 85c.** Each 35c.

5B10 Jane Cowl—Considered the greatest dahlia ever introduced. It has brought joy and beauty to untold millions. Large flowers, 3 times larger than pictured on page 54, of buff and gold with a center of apricot, on tall, strong stems. **3 for \$1.15.** Each 45c.

5B12 Jersey Beauty—The most popular and most perfect pink dahlia in America. Exquisite flowers of perfect form, freely produced on tall, erect stems. Blooms twice as large as pictured. **3 for \$1.15.** Each 45c.

5B25 M. W. Wilson—A large white flower shaded pink with the back of the petals a deeper pink making a very attractive bloom. **3 for 75c.** Each 30c.

5B15 Mrs. Boutillier—We think this is the finest of all red Dahlias. The flowers are huge, sometimes 12 to 14 inches across. The color is a very vivid, pleasing shade of rich crimson. A vigorous grower producing its blooms on strong tall stems high above the foliage. **3 for \$1.45.** Each 65c.

5B16 Mrs. Warner—Another of America's all time great dahlias. Lovely blooms of lilac-lavender, twice as large as pictured on page 54, produced very freely. **3 for 85c.** Each 35c.

5B23 Omar Khayyam—A large showy flower of gleaming orange on good stems above the foliage. **3 for \$1.25.** Each 50c.

5B18 Royal Pennant—The large flowers of rich purple come on strong stems, held up above the foliage. For size, attractive color and freedom of bloom, this is our favorite purple. **3 for \$1.25.** Each 50c.

5B22 Zion's Delight—Not new, yet rarely seen, this fine bright red dahlia will bring you much pleasure. The color is so bright and cheerful and the flowers are produced so lavishly on good stems. Pictured on page 54. **3 for \$1.00.** Each 40c.

5B4 BUTTON DAHLIAS

These Button (Pompon) dahlias have small flowers, 2 to 3 inches across, perfect in form. Produced continuously for many weeks. Beautiful in the garden, fine for cutting. You will like the rich, glowing colors. The bulbs are smaller than the larger flowered varieties but it is astonishing how freely they bloom.

MORRISON COLLECTION

We secured the famous Dahlia Collection of the late Mr. Morrison who specialized in the newer, finer varieties. His customers were Dahlia "fans" who would pay almost any price to get the very choicest. We offer them to you at this extremely low price but the varieties cannot be labeled.

Each One Different

5B31 **5 Postpaid for \$1.00**

PLANT MORE *Peonies*, THE PERFECT FLOWER

Bloom Every Year — No Care, No Trouble — Last a Lifetime

Inter-State Peonies are guaranteed to please you when you get them and also when they bloom. Last fall, one customer bought a solid carload of our Peonies. This man is unquestionably one of the best judges of Peonies in America and he told us that never in all his experience had he seen such fine Peony roots as we produce here. Hamburg is near the center of the United States and we have a rare Loess soil which produces very fine nursery stock and our Peonies are exceptionally vigorous. We send you Number One roots with 3 to 6 eyes. Plant them in well-drained soil in full sunlight if possible, 3 to 4 feet apart and cover the eyes with just 2 inches of soil. Peonies are the easiest of all flowers to grow. They come up year after year with no care or bother. They never winter-kill even in the most severe climate and produce an abundance of exquisite flowers, dozens and dozens of them, for a lifetime. ALL PEONIES ARE POSTPAID.

SASS PEONIES

Mr. Hans P. Sass is America's greatest Iris and Peony hybridizer. Those who want the best will delight in selecting from this list of superfine Sass large double Peonies.

5P615 Carolynae Mae Nelson—Late midseason. This is the finest dark red Peony we have ever seen. The flowers are large and the color is simply indescribable. It is a very dark crimson, yet it glows with a hidden fire. This is the first time we have offered this new Sass Peony in our catalog and we may not have enough to last out the season. We repeat again, this is the finest dark red Peony we have ever seen in all America. **Each \$5.00.**

5P625 Dr. F. G. Brethour—Midseason. This is one of Mr. Sass' very latest originations. Mr. Bongers, the well known Peony expert, suggested naming it for Dr. Brethour, who was Canada's foremost Peony authority. The flowers are very large, a warm friendly white. Reports now coming in, praise it very, very highly, ranking it up among the very finest. **Each \$2.50.**

5P630 Evening Star—Late. Every year, without fail, these flowers are absolutely perfect, as though each petal had been put in place by hand. Once you see these you will always recognize them because their perfect form and superb beauty is unforgettable. The color is a rich satiny white with occasional center petals showing a thin crimson edge. The flowers come on strong upright stems. Peony experts rate it as one of the two or three world's finest white Peonies. **Each \$3.50.**

5P642 Hans P. Sass—Late. From many hundreds of new Peonies, Mr. Sass selected this one to bear his own name. The exquisite flower is a radiant blush, suffused shell pink and illuminated by an inner glow of coral. One of the world's loveliest Peonies, a floral treasure for a lifetime. **Each \$2.50.**

5P679 Queen of Hamburg—Late midseason. For several years, before the war, Hamburg had an annual Peony Festival, with many thousands of visitors. We noticed that there was a new Sass Peony that was always magnificent at this special time. The flowers were enormous, 9 to 10 inches across, a bright shining clear pink, on strong stems. Year after year, it was the same, so it was named Queen of Hamburg. It is a royal flower. **Each \$2.00.**

5P661 Marietta Sisson—Early. A fine new variety originated by Mr. Hans P. Sass, America's greatest Peony and Iris hybridizer. We think it is the best early pink. The color is a lively apple-blossom pink. Blooms freely every spring, the entire bush is simply a solid mass of the large double flowers. For garden display, few peonies can equal it. **Each \$1.00.**

5P638 Golden Dawn—Midseason. Year in and year out we believe this is the best of the yellow Peonies. The flowers are a lovely lemon-yellow, particularly if picked before fully opened and brought inside. **Each \$1.00.**

5P674 Mount Everest—Late. A superb new variety originated by Mr. Hans P. Sass. It resembles Solange excepting the color is a warm milk-white. The large flowers are high built, nicely rounded and very double. With us, it does not spot like Solange. We think it is a grand peony. **Each \$2.50.**

5P624 Couronne D'Or—Late. A big grand Peony with large flowers of warm white which are illuminated by a glow from the center. That is why it was named Couronne D'Or meaning a Crown of Gold. It blooms freely every year. Lovely in the garden and fine for cutting. **Each 60c.**

5P698 Fuyajo—Midseason. Extremely full flowers of very dark red, almost maroon. A free bloomer every year and one of the most distinctive flowers in our entire Peony fields. **Each \$1.00.**

5P652 Kelway's Queen—Midseason. When this blooms in your garden, if you do not agree that it is one of your finest Peonies, we will give it to you Free. Big handsome flowers of exquisite pink which open perfectly every year. **Each \$1.00.**

5P656 La Lorraine—Midseason. All Peony experts agree that this is one of the finest of all Peonies. Large, perfect flowers on tall, strong stems. The color is a rich ivory-white which lightens to purest snow-white. Opens perfectly every year. Attractive in the garden and exceptionally fine for cutting. **Each \$1.50.**

5P660 Longfellow—Midseason. Probably the brightest red Peony in our entire fields, a color so brilliant it stands out like a beacon. **Each \$1.25.**

5P690 Tourangelle—Late. This is another variety that Peony men agree is one of the world's very finest. Large blooms of the most exquisite delicate salmon-pink. It opens perfectly every year. **Each, only \$1.00.**

INTER-STATE

Iris

These are the newer, finer, Iris with larger flowers and more attractive colors. In the spring we ship Iris until around May 1st. Then we wait until around July 15th before shipping again. All Iris are Postpaid.

IRIS THAT BLOOM BOTH SPRING AND FALL

A new race that bloom as usual in the spring and then bloom again in the fall.

5P450 Autumn King—The original spring and fall bloomer. Large flowers of blue-purple. **3 for 45c**, Each 20c.

5P451 Autumn Queen—The white flowers are produced almost every month, May to October. **3 for 85c**, Each 40c.

5P453 Black Magic—Many think this is the most beautiful, an intense deep blue-violet, with a rich velvety lustre and a black sheen. **3 for 75c**, Each 35c.

5P454 Sangreal—A new variety with many very fine deep yellow flowers, spring and fall. **3 for 75c**, Each 35c.

5P405 1 Each of all 4 Above for 90c Postpaid

5P412 Tiffany—Large, gaily colored flowers of rosy-pink on a creamy-yellow background. A sensational new Sass Iris that is not only beautiful but entirely different.

Postpaid **3 for \$1.50**, Each 60c.

DELUXE IRIS

Here are Iris you will find in the best Iris gardens. Selected for a harmonious color effect, these are indeed superior Iris, finer flowers, richer colors, free blooming. Guaranteed to please you when they bloom.

5P455 Blended Beauty—New, different, fragrant and distinctive. Standards are golden bronze, the ruffled falls are bright salmon edged bronze. **3 for 85c**, Each 40c.

5P456 Destiny—A very dark, striking Iris of velvety deep plum-purple, enhanced by a bright golden beard. **3 for 85c**, Each 40c.

5P431 E. B. Williamson—A fragrant, coppery-red that sparkles as though lighted from within. **3 for \$1.65**, Each 75c.

5P458 Far West—A fascinating Iris with a harmonious blend of salmon and coral with a soft yellow glow at the center and the falls have a misty blue haze near the beard. **3 for \$1.15**, Each 50c.

5P457 Happy Days—The largest and most popular of all clear yellows, with flowers 7 inches from top to bottom, on tall, stout, well-branched stalks, each carrying 7 to 8 massive blooms. **3 for 65c**, Each 30c.

5P460 Junaluska—A most brilliant Iris. Falls are vivid velvety carmine. The standards a lovely rose and yellow blend. Flowers large size, perfect form, very free blooming. **3 for 85c**, Each 40c.

5P433 Miss California—A rosy-pink of largest size, perfect form, heavy substance, very free blooming on tall well-branched stems. **3 for \$1.35**, Each 60c.

FAMOUS SASS IRIS

The Sass's, Hans P., Jacob and Henry are recognized as being America's foremost Iris hybridizers. Their Iris are known for freedom of bloom, health and vigor. They are so superior to ordinary Iris that there simply is no comparison.

5P421 Amitola—A tremendous producer of large ruffled flowers, a beautiful blend of pink, apricot and gold. **3 for 75c**, Each 35c.

5P422 Anitra—The finest, hardy, sky-blue Iris. It sparkles as though set with diamonds and does not fade. **3 for 75c**, Each 35c.

5P410 Black Douglas—This famous Sass Iris is now generally recognized the most dependable of all the royal purple Iris—rich and lustrous as a piece of deep purple velvet. **3 for 60c**, Each 25c.

5P423 Claribel—Tall, stately stems with very large flowers of purest snow-white with a bright blue border and yellow beard. **3 for 75c**, Each 35c.

5P411 Spokan—Considered one of the greatest Iris the Sass's ever originated. A color so brilliant and carrying that it is the first to catch your eye—glowing red with a coppery undertone. **3 for 75c**, Each 35c.

5P419 Sandalwood—A rather rare color, a soft light bronze, very lovely. It is a free bloomer. **3 for 75c**, Each 35c.

5P425 War Eagle—Immense flowers of deep, ox-blood red, produced very freely. **3 for 75c**, Each 35c.

JAPANESE IRIS

The flowers are large, 6 inches or more across, and richly colored, from white through all the shades of yellow, blue, purple, pink, and claret, many flowers having 2 or 3 colors. They bloom in late spring and early summer. We offer these in a fine mixture of all colors.

Interstate's Glads

THE FINEST OF ALL FLOWERS

FOR CUTTING

We guarantee our Gladiolus bulbs to please you when you get them **ALSO WHEN THEY BLOOM**. When you receive the bulbs, if you are not satisfied return just one-half of them and we will refund all the money you paid us for all of them. Also when they bloom, if you are not delighted you may select from our catalog, without cost, anything you wish equal to the amount you paid us for the Glads. We take great care in selecting our bulbs and also choose only the better, finer varieties. That is why we sell them by the millions, with countless thousands of satisfied customers from coast to coast.

Excepting the Glad Color Parade Collection all the Glad bulbs we send you are the **LARGE SIZE**, $1\frac{1}{4}$ to 2 inches across. We ship the Glad bulbs right with other nursery stock. Just put the bulbs in a cool dry place. When the ground warms up in the spring plant the bulbs about 6 inches deep and 6 to 8 inches apart. If you plant at intervals of two weeks apart until about July 1st, then you will have flowers until frost.

GLAD VARIETIES

5G1 Amrita—Tall spikes of large, heavily ruffled flowers, clear buff tinged with pink and a warm yellow throat. A beautiful pastel color.

3 for 35c 12 for \$1.15
6 for 65c 25 for 1.95

5G2 Ave Maria—A very popular and extremely good medium blue color.

3 for 30c 12 for \$.90
6 for 50c 25 for 1.65

5G5 Bagdad—One of the finest Glads of all times. Very large flowers on extremely tall, heavy stems. The color is a magnificent blend of old-rose, lilac, tinged with copper and salmon.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G6 Barcarole—A new variety that many think is the finest orange. The flowers are large, beautifully ruffled and the color a shimmering orange lightened with a delicate touch of salmon. Very beautiful indeed.

3 for 35c 12 for \$1.15
6 for 65c 25 for 1.95

5G7 Beacon—This is one of the most brilliantly colored Glads. In the garden and in a bouquet it adds "life." The beautifully ruffled flower is a vivid vermilion-scarlet with contrasting light yellow throat.

3 for 30c 12 for \$.90
6 for 50c 25 for 1.65

5G8 Black Opal—Many consider this the finest extremely dark red. The flowers are large and come on excellent long spikes. The color is a very deep maroon shaded black.

3 for 40c 12 for \$1.25
6 for 75c 25 for 2.25

5G9 Blaze—A new variety of bright scarlet, yet not harsh. Sometimes called the Red Picardy. A good performer every year.

3 for 30c 12 for \$.90
6 for 50c 25 for 1.65

5G10 Blue Beauty—This is our favorite blue and it is rapidly becoming the most popular of its color in America. The color is a wonderful even blue shading darker towards the edges. Large wide open flowers on tall strong stems.

3 for 35c 12 for \$1.15
6 for 65c 25 for 1.95

5G11 Brightside—A tall spike of lovely ruffled flowers of deep orange shaded bronze and gold. In a bouquet it is marvelous.

3 for 30c 12 for \$.90
6 for 50c 25 for 1.65

5G14 Camellia—One of the most beautiful Glads in our entire list. Very large flowers on perfect stems. The color is a delicate pink on a creamy background.

3 for 30c 12 for \$.90
6 for 50c 25 for 1.65

Glad Color Parade

These are our best quality, medium size bulbs, not labeled. Guaranteed to bloom and please you. We include our finest kinds like Barcarole, Blue Beauty, Margaret Beaton, Black Opal Zuni, Chamouny, Pelegrina, Beacon, etc. This is a hand-picked selection from our large stock, some so new they may never have been grown in your neighborhood before.

6 for 50c 25 for 1.65

5G22 Dream O'Beauty—One of the most strikingly beautiful of all Glads. The flowers are large and the color is just between a red and a pink. It is really more red than pink, but it is such a rich unusual shade that once you see it, you never forget it.

3 for 35c 12 for \$1.15
6 for 65c 25 for 1.95

5G25 Early Melody—One of the best early blooming lavender colored Glads. Always blooms perfectly and the stems are very tall.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G28 Flaming Sword—This is generally considered to be the best early-blooming bright red. It never fails to produce fine flowers on a good stem.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G31 Gloaming—Here is another flower that is beautiful in the field and especially beautiful when cut. The stems are strong and graceful and the slightly ruffled flowers are an attractive purple with a white throat.

3 for 35c 12 for \$1.15
6 for 65c 25 for 1.95

5G32 Golden Cup—Fine spikes of a rich clear deep yellow. One of our favorite yellows.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G33 Golden Dream—A very popular clear medium yellow with tall spikes.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G37 King Arthur—One of our most popular varieties. Immense, heavily ruffled flowers of a very beautiful light purple. No other variety like it. Extremely fine.

3 for 35c 12 for \$1.15
6 for 65c 25 for 1.95

5G38 King Lear—A magnificent new purple of great size and lustrous sheen. The flowers are beautifully ruffled.

3 for 40c 12 for \$1.25
6 for 75c 25 for 2.25

5G41 Lavinia—One of the tallest of all Glads, sometimes reaching over 5 feet. The flowers are very large, slightly ruffled and the color is a very rich medium-pink with beautiful orchid throat markings. There is no other Glad of this same shade of pink.

3 for 35c 12 for \$1.15
6 for 65c 25 for 1.95

5G42 Lotus—In a bouquet, few Glads are as beautiful as this. The color is a translucent shell-pink blending to white with a touch of cream at the throat and a beautiful waxy sheen.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G45 Maid of Orleans—Without question this is the most popular white Glad in America today. Every bulb produces a tall splendid straight spike which opens perfectly. The color is a warm white with a light creamy throat.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G46 Margaret Beaton—No new variety has created a greater sensation than this. Everyone who sees it wants it. The spikes are tall and straight. The flowers are very large, pure snow-white with a vermillion spot in the throat. It is superb.

3 for 35c 12 for \$1.15
6 for 65c 25 for 1.95

5G47 Margaret Fulton—The florists like this variety because it is such a fine cut flower. The color is a rich, deep salmon. It blooms early and perfectly every year. One of the best all around Glads ever produced.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G48 Mildred Louise—A splendid variety that is similar to Picardy but the color is deeper, more apricot.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5F49 Minuet—For many years this has been America's finest and most popular lavender. New lavender varieties have come and gone and Minuet still stands at the top of the list. Perfect flowers on straight stems.

3 for 30c 12 for \$.90
6 for 50c 25 for 1.65

5G50 Miss Alameda—A deep salmon-pink set off by a distinctive carmine blotch. Tall straight spikes.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G51 Mrs. P. W. Sisson—Tall straight spikes with ruffled flowers of enchanting cameo-pink.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G54 New Era—Nearly everyone concedes that this is the most beautiful of all pink Glads. No other variety has such a delightful rich shade of LaFrance pink with soft creamy throat. The flowers are beautifully ruffled and come on tall straight stems.

3 for 40c 12 for \$1.25
6 for 75c 25 for 2.25

5G58 Paradise—Tall fine spikes with lovely flowers of attractive apricot, tinged buff, shaded yellow in the throat. Slightly ruffled.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G59 Peggy Lou—Few varieties have won more Blue Ribbons than this. Tall strong spikes with lovely flowers of shrimp-pink tinged rose. A seedling of Picardy with all its vigor.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G60 Pelegrina—We believe this is the best dark blue in existence today. The color is so rich and lustrous.

3 for 30c 12 for \$.90
6 for 50c 25 for 1.65

5G61 Phyllis McQuiston—We only wish we had room in our collections for this extra fine variety. Extra tall strong spikes with the loveliest flowers of purest pink, shaded lighter at the throat. One of the finest all around Glads.

3 for 30c 12 for \$.90
6 for 50c 25 for 1.65

5G62 Picardy—America's most popular Glad. The most wonderful flowers of light salmon-pink. Does well everywhere.

3 for 30c 12 for \$.90
6 for 50c 25 for 1.65

5G65 Queen of Bremen—This is probably the best early lavender. The nicely poised open flowers are very graceful. Especially fine for cutting.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G68 Red Phipps—This is probably the florists' favorite red Glad. The color is a glowing shade of coral-red that is not harsh and blends so nicely with other colors. Always opens perfectly on good stems.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G69 Rewi Fallu—The most popular dark red. The flowers are very large on tall straight spikes. The color is a deep, rich, velvety, blood-red.

3 for 30c 12 for \$.90
6 for 50c 25 for 1.65

5F70 Rosa Van Lima—This is another variety that everybody wants when they see it. Beautiful in the garden and especially fine for cutting. Large flowers on tall straight stems. The color is a pure, clear pink of such loveliness as is seldom seen.

3 for 30c 12 for \$.90
6 for 50c 25 for 1.65

5G71 Ruffled Beauty—Many people think this is the most beautiful yellow. The flowers are ruffled and the color is such an even, clear, pure yellow.

3 for 35c 12 for \$1.15
6 for 65c 25 for 1.95

5G74 Shirley Temple—Very large, incredibly beautiful ruffled flowers of waxy cream blending to a light yellow throat. Has won Blue Ribbons from coast to coast.

3 for 35c 12 for \$1.15
6 for 65c 25 for 1.95

5G75 Snow Princess—Many think this the finest white. Very tall strong spikes with immense flowers of pure snow-white.

3 for 35c 12 for \$1.15
6 for 65c 25 for 1.95

5G76 Sonatine—A very fine cut flower of bright pink. Tall growing.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G77 Sweetheart—A waxy pure pink blending to a small white throat with frilled edges. Especially fine for cutting. Tall spikes.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G80 Token—Beautifully ruffled flowers of a brilliant flame with a golden throat. It blooms early and is a fine cut flower.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G83 Wasaga—A beautiful variety of glowing buff with frilled edges. Fine for cutting.

3 for 25c 12 for \$.75
6 for 42c 25 for 1.35

5G86 Zuni—One of the most spectacular flowers in our fields. Tall spikes with large, lightly ruffled flowers of salmon, purple and coppery orange.

3 for 40c 12 for \$1.25
6 for 75c 25 for 2.25

De Luxe Glads

5G89 **22 Large Bulbs for \$1.00**
Each One Different

In this collection, are exactly the same fine varieties as described on these pages, but they are not labeled. Each bulb is a different color. They are all LARGE BULBS. What wonderful, beautiful flowers of all colors they will bring you this summer. When they bloom, you will easily recognize some of our finest like Chamouny, Blue Beauty, Rosa van Lima, etc.

Bouquet Special

For cutting, no flower is better than Glads. These are 9 fine varieties, especially selected for cutting and priced so low you can plant lots of them. Make several plantings, two weeks apart, and you can have flowers up to frost. Large flowers, beautiful colors. Postpaid.

Carmine Prince

COLORFUL SPIKES ADD GRACE AND
BEAUTY TO GARDEN AND BOUQUET

5P202 Carmine Prince, This new Morden Lythrum, is one of the real outstanding new perennials. It makes a neat symmetrical plant 3 feet tall, with graceful spikes of bright rosy-red flowers. Blooms continuously from early summer to frost. Fine for cutting, in fact the more you cut it, the more it blooms. Grows everywhere, in dry soil or wet, in sun or part shade. Perfectly hardy, it thrives from coast to coast. No plant is easier to grow.

Postpaid.

3 for \$1.25

Each 50c

INTER-STATE'S NEW, IMPROVED, LONG-SPURRED

Columbines

5P79 Pictured actual size, we believe these are the finest Columbines (Aquilegia) sold today. The colors are so rich, so clear and beautiful—the flowers are so large and graceful. Their colors blend perfectly, adding to your garden or bouquet a “fairy” touch that no other flower can give.

They will grow in full sun but appreciate a little shade in the hot afternoons. Perfectly hardy, coming up year after year, these are among the first perennials to bloom in the spring. We send you a specially grown mixture of all their lovely colors, Blue, Pink, White, Yellow and Red. Our strong field-grown plants will bloom this season.

Postpaid. **4 for \$1.00, 7 for \$1.95,** Each 35c.

5P80 Crimson Star Columbine. The blooms of this beautiful Columbine are large, a rich, deep crimson with inner petals of white, making a very distinctive and striking color combination. Makes a sturdy plant 24 inches tall, blooming very freely in May-June. Perfectly hardy. Will bloom this Spring.

FANCY LEAVED CALADIUM

5P59 For a continuous foliage display all summer, no other plant equals these. Thrive in partial shade. Easy to grow. Dig them in the fall and store like cannas. Or you can pot them for winter house plants. Postpaid.

Postpaid, **3 for \$1.00**, Each 40c

MERTENSIA, Bluebells

5P209 Their blue and pink flowers are so attractive in early spring. Once planted, they come up year after year without any care. Likes shady spots. Plant among the shrubs, in the borders, in little nooks. Postpaid.

Postpaid, **5 for \$1.00**, Each 25c

Crimson Beauty

5B80 Crimson Beauty—The striking flowers of this fine Lily are much larger than pictured. The color is distinctive, a rich crimson with a touch of copper. Blooms freely in early summer, in upright clusters, on stems 18 to 24 inches tall. After it is established it is nothing unusual to have 25 flowers on a single stem. Very easy to grow and lasts a lifetime.

Postpaid **4 for \$1.00**, Each 35c

5B83 Philippine Lily—Easy to grow and sure to bloom. Their fragrant flowers are produced from late summer till frost, after the other Lilies are through blooming. The lovely white flowers are large, 7 to 8 inches long, on strong stems, 4 to 6 feet tall. Beautiful in the garden and fine for cutting. Plant three or more of them. They come up year after year, increasing in flowers all the time.

Postpaid **3 for \$1.15**, **6 for \$2.00**, Each 50c

5B81 Dream Lily—This fine new Lily has large, fragrant white flowers just like the Philippine Lily, but it blooms a month earlier, just between the Regal and Philippine. It grows about 4 feet tall. a truly magnificent hardy white Lily for midsummer bloom.

Postpaid **3 for \$1.15**, **6 for \$2.00**, Each 50c

5S55 Hydrangea—See Page 27. **\$1.25 Each.**

Postpaid **3 for 50c**, **12 for \$1.75**, Each 25c

Regal Lily

Inter-State

Aztec Tiger Flower (Tigridia)—This rare flower was sacred to the ancient Aztec Sun worshippers of Old Mexico. The flowers are so strikingly beautiful that nothing in your garden will draw as much attention. Grows 24 inches tall. The blooms are huge, often 6 inches across. Each flower lasts but a day, opening at dawn, following the sun in its course, then passing at sunset. This goes on all through the summer. Dig the bulbs in the fall and store them just like Gladiolus.

5B60 Pink 5B61 Red 5B62 White 5B63 Yellow

Postpaid **4 for 50c 10 for \$1.00**, Each 15c

Tiger Lily—An old favorite that always produces large clusters of flowers, salmon-orange dotted purple, on 5 to 6 foot stems in midsummer. Postpaid.

5262 **Zinnia, Fantasy Mixed (24)**—Frilled flowers in red, yellow, orange, pink and cream.

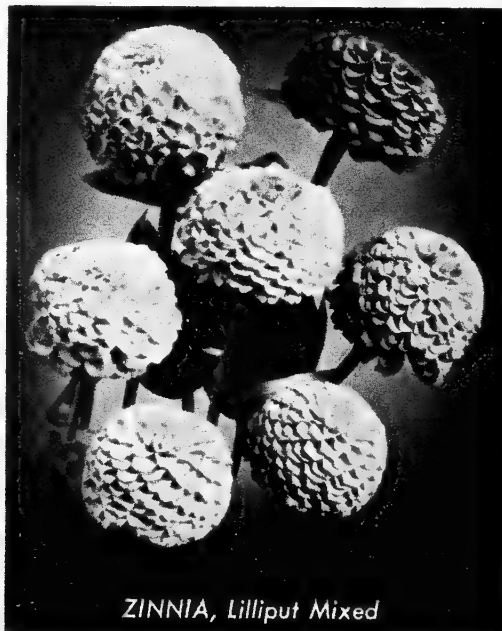

5258 **Zinnia, Red Riding Hood (16)**—Compact plants literally covered with double scarlet flowers. Lilliput type, fine for borders.

5260 **Zinnia, Howard's Giant Crested (30)**—The colors of this Zinnia are very bright and fresh. The blossoms are 4 to 5 inches in diameter. It has a cushion-like center surrounded by broad guard petals and is fast becoming very popular.

5271 **Zinnia, Lilliput Pastel Mixed (20)**—A neat, compact plant with soft, pastel shaded blooms. Very desirable for cutting.

5259 **Zinnia, Tom Thumb (6-10)**—Small plants with an abundance of dainty flowers.

5257 **Zinnia, Pompon or Lilliput (20)**—The rich, bright colors make this baby Zinnia very popular. An abundance of bloom from early summer until late fall.

ZINNIA, Lilliput Mixed

ASTERS For Late Summer Beauty

Wilt Resistant Asters—If you have had any trouble raising Asters, try our Wilt Resistant Strains. They are much more vigorous and productive, giving an abundance of cut flowers. We offer only the Wilt Resistant Strains as they have proven the most satisfactory.

5117 **Aster Double Mixed, Wilt Resistant (30)**—Our mixture of many double varieties gives a lovely variety of colors for home gardens and cutting.

5116 **Aster, Giant Branching Mixed, Wilt Resistant (30)**—Their branching habit and vigorous growth give a profusion of bloom and vivid colors. Very double.

5112 **Aster, Giant Crego Mixed, Wilt Resistant (27)**—Large, double flowers with curled and twisted petals. Blooms from July until frost.

SWEET PEAS For Early Beauty

5233 **Sweet Peas, Spencer Late Flowering Mixed**—The flower that everybody loves. A choice variety of colors.

Sweet Pea, Easy Large Flowering Spencers—The large, waved, Spencer type flowers that bloom fully one month earlier and over a much longer period than the old type. Gives an abundance of lovely cut flowers. Plant as early as possible for best results.

5234 **Finest Mixed.**

5235 **Blue Bonnet**, deep blue.

5241 **Radiance**, bright pink.

5320 **Sweet Peas, New Spring Flowering Mixed**—A new strain of Sweet Peas especially fine because they stand lots of hot weather.

NASTURTIIUMS

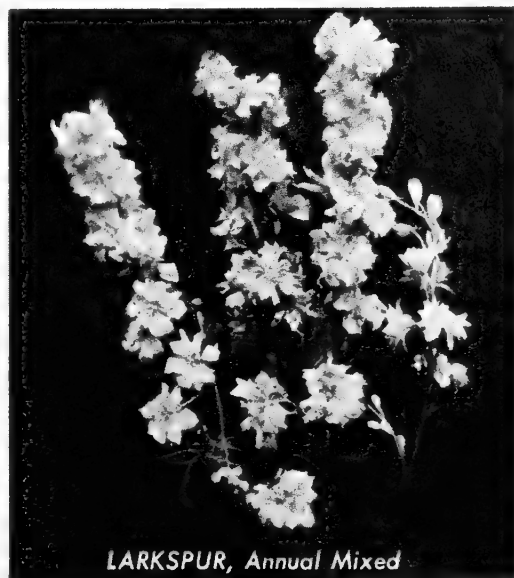

Thrive in the poorest of soil

5172 **Nasturtium, Dwarf Mixed (10)**—The most popular dwarf annual, easy to grow in poor soil, and blooms for weeks. In rich colors, fine for beds and borders.

5173 **Nasturtium, Tall Mixed**—A choice mixture of all the newer and more colorful types.

5175 **Nasturtium, Double Glorious Gleam Hybrids**—Large, double, sweet-scented blooms in striking colors.

5174 **Nasturtium, Double Golden Gleam**—Fragrant, golden yellow flowers. An original Gold Medal Winner, and still one of the most widely planted of all new flowers.

LARKSPUR, *Annual Mixed*

LARKSPUR—Tall Spikes of Graceful Beauty

5158 **Larkspur, Annual Mixed (30)**—One of the finest annuals, ideal for both garden color and cutting. Gives a more continuous bloom if the faded blossoms are cut off.

Larkspur, Giant Imperial (30)—An ideal type for cutting with long flower stems, branching from the base. Your choice of the following.

5160A **Blue Spire**—Deep blue.

5160B **Carmine King**—Carmine.

5160D **White King**—Pure white.

5160E **All Colors Mixed.**

5304 **Larkspur, Rosalind (40)**—A new color in Larkspur, rose with just enough salmon to create a most pleasing shade of rose-pink. Base branching, practically non-shattering, excellent for cutting.

5316 Scabiosa, Giant Rosette (36)—A glorious new Scabiosa color, a deep, lovely rose, with extra large flowers on long stems which are fine for cutting.

5315 Scabiosa, Blue Moon (36)—An entirely new type of Scabiosa with broad, wavy petals of a rich deep lavender blue. Long, wiry stems ideal for cutting.

Scabiosa, Mourning Bride (30)—Long stems and cheerful colors make these ideal for cutting. Long lasting in water and bloom July until frost. Very easily grown.

5214 Finest Mixed, lovely colors.

5215 Black Prince, purple.

5216 Blue Cockade, deep blue.

5218 Peach Blossom, peach pink.

5219 Loveliness, salmon rose.

5221 Shasta Improved, white.

5222 Yellow, sulphur yellow.

DECORATIVE ANNUAL VINES

5289 Gourds, Ornamental Mixed—This special mixture of the large and small ornamental varieties is very interesting.

5287 Cardinal Climber, Ipomea Hyb.—A mass of fiery red flowers from mid-summer until frost. Everybody admires this strong and rapid growing annual vine.

5291 Morning Glory, Giant Japanese Mixed—Large flowers and gay colors that you will enjoy. Like poor soil and full sun.

5292 Morning Glory, Imp. Heavenly Blue—Clarke's Strain. The large, lovely, true-blue flowers with a lighter throat give a mass of beauty. Fine for trellis or arches. A coarse gravelly soil and a southern exposure gives an abundance of morning bloom until frost.

5293 Morning Glory, Pearly Gates—Silver Medal Winner in 1942 All-America Selections. The flowers are a lovely lustrous white with creamy shading deep in the throat. They average 4½ inches across. Vines are covered with bloom from mid-summer to frost. A wonderful companion for Heavenly Blue.

5306 Morning Glory, Scarlett O'Hara—The All-America GOLD MEDAL Winner that has created so much interest. The rich, wine-red flowers of good size are freely produced and last longer.

5307 Morning Glory, Cornell—A new, annual climber with flowers of intense red with pure white border, as large in size as Heavenly Blue. Makes a rapid growth.

5103 African Daisy, Hybrids Mixed (15)—Compact, bushy plants with white, orange, gold and salmon blossoms from July to October. Very fine for cutting.

5107 Alyssum Procumbens, Carpet of Snow (4)—The dwarf, white, edging plant that is so desirable. Blooms all summer and fall. Each plant is a compact mass of snow-white blossoms.

5122 Alyssum, Violet Queen (6)—A new dwarf compact variety bearing beautiful bright violet flowers all summer and fall. It is a pleasing contrast to the white flowering alyssums.

5118 Bachelor Button, Double Mixed (20)—An abundance of double, colorful flowers from July until frost. Fine for cutting.

5119 Bachelor Button, Jubilee Gem (12)—A dwarf, compact plant of bright green. A delightful background for the double, dark blue flowers.

5123 Calendula, Sunshine (18)—The large, buttercup-yellow flowers bloom over a long period and are excellent for cutting.

5124 Calendula, Campfire (24)—The large, dark orange flowers with a scarlet sheen are very attractive.

5125 Calendula, Finest Double Mixed (18)—The old fashioned, free-flowering Pot Marigold of yellow and orange.

5127 Campanula, Cup and Saucer, Canterbury Bell (20)—An easily grown biennial that gives a profusion of blue, rose, and white flowers.

5129 Canterbury Bell, Annual Mixed (24)—Blue, pink, rose, violet, and white flowers in late summer and autumn. A fine border flower.

5130 Carnation, Chabaud's Giant Imp. (16)—Our most popular early flowering clove-scented carnation. The robust, long-stemmed plants give continuous bloom.

5131 Castor Bean, Ricinus (120)—Tall-growing background plant with ornamental foliage. Useful for screening alleys and unsightly places.

5128 Cleome, Giant Pink Queen (Spiderflower) (40)—Blooms profusely from Mid-summer to late fall. A Silver Medal winner in the 1942 All-America Selections. Bright salmon-pink, very attractive in tall borders and a good cut flower.

5136 Cockscomb, Celosia Cristata (30)—The velvety-red heads of this old fashioned celosia add color to the garden.

5139 Cosmos, Sensation Mixed (45)—Immense pink and white blooms are truly a sensation, and are a great favorite for cutting.

5141 Cosmos, Mam. Early Flowering Mixed (48)—The large, single flowers of red, pink, and white make a lovely showing from midsummer until frost.

5303 Dahlia, New Dwarf Hybrids (20)—This new strain of Dahlias is selected to give a higher percentage of true doubles and a much wider range of colors.

5145 Dianthus, Pinks, Heddewigi Dbl. Mixed (12)—The freely-produced flowers of crimson, purple, pink, and white are fine for cutting.

5148 Four O'Clocks, Marvel of Peru (24)—Flowers of red, yellow, lilac and white. The glossy foliage and profuse bloom make it an attractive border plant from July until frost.

5154 Gypsophila, Annual Baby's Breath (15)—This improved London Market strain gives an abundance of large, pure white flowers. Make several plantings for continuous bloom.

5182 Painted Daisies, Finest Mixed (18)—The annual Chrysanthemum is easily grown and loved by all. Early blooms, choice colors.

5183 Pansy, Giant Superb Mixed (6)—A large flowering strain in a beautiful color range.

5308 Pansy, Super Swiss Giants (6)—For size, color, and free blooming qualities this garden favorite is unsurpassed.

5196 Phlox, Drummond's Annual Mix. (12)—One of the easiest grown and most satisfactory of all flowers. Our special strain with its rich variety of clear, vivid colors will delight you. Profuse bloom, even in hot weather.

5205 Poppies, Eschscholtzia, Calif. Mixed (12)—A free blooming annual rich in crimson, pink, and orange-scarlet shades. Very showy.

5209 Portulaca, Rose Moss, Dbl. Mixed (4)—Our unsurpassed, choice doubles. Delicate green foliage simply covered all season with bright colored flowers. The flowers resemble small roses and in dry weather are at their best.

5213 Salvia, Farinacea, Blue Bedder (36)—Sturdy plants with tall spikes of lovely blue flowers. Fine for background, beds and borders.

5225 Snapdragon, New Calif. Rust-proof (24)—The finest color range of all the Rust Resistant Mixtures. Beautiful in beds and fine for cutting.

5226 Snapdragon, Super Giants, Rust-proof (30)—A mixture of our own selection, taller in habit than the California type and bearing larger blossoms.

5228 Strawflowers, Everlastings, Mixed (20)—Our own collection of many kinds especially selected for your winter and decorative bouquets.

5243 Sweet William, Single Mixed (18)—Pink, crimson, scarlet and white blooms in early spring.

5248 Verbena, Giant Hybrids (10)—Fine for borders, beds, porch boxes and among tall growing plants like Lilies. Bloom all summer and fall. All colors mixed.

5246 Verbena, Hybrida Dwarf Compacta (6)—Low, neat compact plants, very desirable for borders and bedding. Bloom all summer and fall. Mixed.

One packet of Bush Beans will plant 25 feet and 1 pound 150 feet. Make successive plantings of bush beans and have fresh beans all summer and fall.

DWARF GREEN POD BUSH BEANS

***5401 Burpee's Stringless Green Pod** (50 days)—This is, by far, our most popular bush bean. It produces long, round meaty pods that are always tender and absolutely stringless even when full grown. It cannot be beat for table use or canning. Its quality, productiveness and tenderness have never been surpassed. We believe that it will produce more than any other variety and produce for a longer period of time. The seeds are dark coffee color.

5404 Early Bountiful (48 days)—The most popular early flat green bean. Plant is medium large, erect and very thrifty. Pods are light green, flat, stringless and good quality. Seeds are pale yellow and kidney shaped.

5402 Plentiful (49 days)—A new green bean that won All-America Award in 1939. Long, thick, meaty, flat pods, absolutely stringless and excellent quality. Produces over a very long season. Black seeds.

***5403 Tendergreen** (53 days)—A new green bean so tender that it fairly melts in your mouth. Absolutely stringless, very highest quality and productive. Fine for table use and canning and best of all for freezing. All who plant it are enthusiastic about it. Try some for yourself. Seeds are mottled brown and buff.

5405 Stringless Red Valentine (52 days)—This round stringless green bean is a dependable bearer of enormous crops. Tender and stringless. Seeds are purplish red, splashed buff.

DWARF WAX POD BEANS

***5406 Brittle Wax** (54 days)—This is our best and most popular wax bean. Superb quality, very early and very productive. The long round pods are perfectly stringless at all times, very tender, light yellow. Many think this the finest quality of all beans, wax or green. Easy to grow as it is blight resistant and stands lots of dry weather. Kidney shaped seed is white with black eye.

5408 Pencil Pod Black Wax (53 days)—This popular wax bean has long golden-yellow, tender, stringless curved pods. Black seed.

5407 Top Notch Golden Wax (50 days)—Pods are deep yellow, straight, thick, flat, stringless and fine quality. Productive, rust-proof. Fine for canning. Seeds white mottled reddish-brown around eye.

FIELD BEANS

5409 Improved Navy (85 days)—The small white soup bean. Plant some for your winter's supply for soup and baking.

5410 Red Kidney (94 days)—The dark red bean used in chili, soups, etc.

BUSH LIMA BEANS

If you have never planted any of these, be sure and plant a few this year. You will like them. Very easy to grow and extremely productive.

5411 Burpee's Improved Bush Lima (75 days)—A large, meaty, delicious Lima. Long, broad, tender flat pods. Very productive, it produces right up to frost. When dry the beans are large, plump, white with a light greenish tinge.

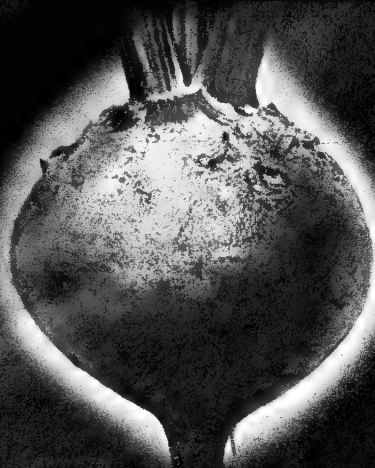

5416 Cangreen (68 days)—A new Lima similar to Henderson's except the beans are a little larger and when dry they remain an attractive green color. Extremely productive, all season. If you plan to can some Limas, be sure and plant some Cangreen, because the beans look fine in the jar and taste as good as they look.

5412 Henderson's Baby Lima (65 days)—A tremendous yielder, a short row will give you these delicious butter beans right up to frost. The green pods are about 3 inches long. The beans are small and creamy-white when dry.

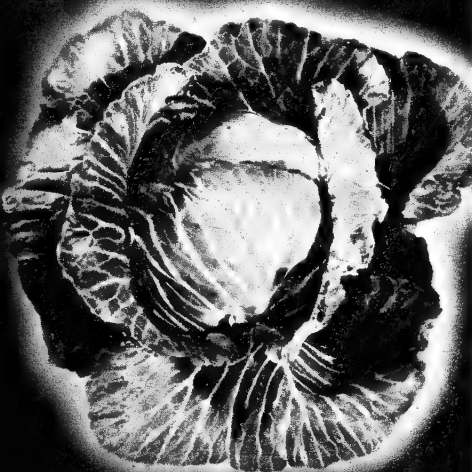

POLE BEANS

5413 Kentucky Wonder (65 days)—Most widely planted pole bean. Bears early with clusters of long, curved green pods with tasty distinctive flavor. The more you pick them, the more they bear, until frost. Light brown seeds.

5415 King of the Garden (86 days)—The finest pole lima. Mammoth size pods, well-filled, are produced from the bottom of the vine up, until frost. White beans when dry.

BEETS, Detroit Dark Red

CABBAGE, Marian Market

CARROTS, Imp. Chantenay

Coreless Nantes

BEETS Contain vitamins A, B₁, C, G, also minerals.
The Beet greens contain Iron, calcium, phosphorus, A, C, and G.

One Pkt. will sow 20 to 25 feet; one Oz. 75 to 100 feet.

***5420 Detroit Dark Red Improved** (61 days)—The most popular beet for the home garden and canning. Globe shaped, very smooth, a deep oxblood-red color. Very tender and sweet at all stages of growth, without a trace of woodiness.

5422 Early Blood Turnip (60 days)—A good dependable midseason variety. Nearly round, deep red with brighter red zones. High quality.

***5421 Crosby's Egyptian** (55 days)—Extra early, semi-flat, very tender and sweet. Flesh is distinct dark red and keeps its color in cooking. Free from woodiness. Fine for the first beets from your garden.

POSTPAID PRICES ON ALL BEETS

Pkt. 10c	½ Oz. 18c
1 Oz. 30c	¼ Lb. 85c

CABBAGE Contains vitamins A, B₁, C, G, P.P., Calcium, Iron.

1 Pkt. will produce 100 or more plants; 1 Oz. 2500 plants.

5434 Early Flat Dutch (75 days)—An early, unusually fine, large, solid, flat-headed type. Fine quality, 5 to 6 pound heads. Keeps well. **Pkt. 10c; ½ Oz. 25c; 1 Oz. 43c**

5435 Danish Ballhead (100 days)—Our most popular late cabbage, producing round compact heads weighing from 7 to 9 pounds. Excellent keeper. Very crisp and tender. Fine for kraut. **Pkt. 10c; ½ Oz. 28c; 1 Oz. 50c**

5436 Early Jersey Wakefield (60 days)—An extra early variety with cone-shaped heads, 2 to 3 pounds each. **Pkt. 10c; ½ Oz. 25c; 1 Oz. 40c**

***5438 Marion Market** (75 days)—A Yellows Resistant strain of Copenhagen Market. A sure heading, main crop variety. Our most popular cabbage. Excellent quality, has short stems and is good for early kraut and all cooking purposes. Weighs 4 to 5 pounds.

Pkt. 10c; ½ Oz. 35c; 1 Oz. 60c

5439 Premium Late Flat Dutch (100 days)—Very popular large, flat headed winter cabbage. Fine quality, solid, good keeper and fine for kraut. Heads weigh from 13 to 15 pounds. **Pkt. 10c; ½ Oz. 28c; 1 Oz. 50c**

5437 Golden Acre (65 days)—An extra early garden variety with round firm heads weighing about 4 pounds each. Resists bursting. **Pkt. 10c; ½ Oz. 28c; 1 Oz. 50c**

CARROTS Contain vitamins A, B₁, C, G, P.P., Calcium, Phosphorus, Iron.

One Pkt. will sow 35 feet; One Oz. 200 feet.

***5426 Improved Chantenay** (70 days)—The outstanding favorite with people who grow carrots in their garden. This is a very choice strain producing large, thick, six-inch orange roots, very tender, high quality and free from hard core. Very heavy yielder. **Pkt. 10c; ½ Oz. 25c; 1 Oz. 45c**

5430 Oxheart (72 days)—Especially good for rather stiff, hard soil because the roots are short and stubby. A good keeper. Bright orange, tender and sweet. **Pkt. 10c; ½ Oz. 25c; 1 Oz. 45c**

***5427 Coreless Nantes** (68 days)—We especially recommend this for the home garden because of its extra fine quality. The roots are deep orange, very tender and sweet from 6 to 7 inches long and the same size from top to bottom.

Pkt. 10c; ½ Oz. 30c; 1 Oz. 50c

5429 Danver's Half Long (75 days)—Very productive. Keeps all winter. Does well in all classes of soil. Smooth, deep orange roots, about 7 inches long, tapering to a blunt point. Sweet, tender and crisp.

Pkt. 10c; ½ Oz. 25c; 1 Oz. 45c

CELERY Contains vitamins A, B₁, C, G, Calcium, Iron, Phosphorus.

5432 Giant Pascal (140 days)—Large late winter variety, delicious flavor. Easily blanched by trenching, to a beautiful creamy white. **Pkt. 10c; ½ Oz. 44c.**

5431 Golden Self Blanching (118 days)—Very desirable early celery. Stalk is thick, solid, medium long and free from pithiness. Blanches itself to a golden yellow. **Pkt. 10c; ½ Oz. 44c.**

SWEET CORN

Contains vitamins B₁, C, Phosphorus, Iron.
(Also Vitamins A and G in yellow sweet corn)

One packet will sow 60 feet or more; 1 Lb. 400 feet.

***5450 Aristogold Bantam No. 1** (83 days)—A new yellow hybrid variety especially for hot, dry sections where you have trouble growing other sweet corns. It stands heat and drought. Also resistant to the ear worm and smut. Big ears with deep kernels, high quality. Very heavy producer. It is an All-America winner.

Large Pkt. 10c; ½ Lb. 38c; 1 lb. 70c.

***5443 Aristogold Bantam Evergreen** (87 days)—This is the largest, high quality yellow hybrid sweet corn we have ever seen. About a week later than Aristogold No. 1, the ears are a little larger, equally fine quality and even more productive. The two together make a great team. Stands the heat, drought and wind.

Large Pkt. 10c; ½ Lb. 38c; 1 lb. 70c.

***5444 Earligold** (72 days)—Plant this for the first sweet corn of the summer. It is the earliest yellow hybrid and the ears have 12 to 16 rows, delicious, tender and sweet. You will want more next year.

Large Pkt. 10c; ½ Lb. 38c; 1 lb. 70c.

5447 Golden Bantam (78 days)—The favorite yellow sweet corn for many years. Very early, small ears, tender and sweet.

Large Pkt. 10c; ½ Lb. 20c; 1 lb. 35c.

***5445 Golden Cross Bantam** (82 days)—Our most popular yellow hybrid, producing 12 rowed ears, 8 inches long. It is about 3 times as productive as Golden Bantam. It is also resistant to bacterial wilt which often causes failure with early yellow corn. We honestly believe that once you grow this corn, you will always want it. The kernels are so tender and sweet they fairly melt in your mouth.

Large Pkt. 10c; ½ Lb. 30c; 1 lb. 55c.

5445A Hybrid Blends—A special blend of all the finer yellow hybrids to give you an all season supply with only one planting. It contains early, medium, and late varieties. Thus all your sweet corn does not come on at once, and you can enjoy sweet corn all season long from just one planting.

Large Pkt. 10c; ½ Lb. 34c; 1 lb. 60c.

5449 Stowell's Evergreen (94 days)—The standard main crop white sweet corn. Large ears, sweet and stays tender a long time. Especially fine for canning.

Large Pkt. 10c; ½ Lb. 22c; 1 lb. 36c.

5446 Tendergold (75 days)—A very fine yellow hybrid corn that is sweet, tender and of finest quality. Matures a few days earlier than Golden Bantam. Much more productive and holds its quality two to three days longer than other corns. The golden ears are 12 rowed about 8 inches long.

Large Pkt. 10c; ½ Lb. 33c; 1 lb. 60c.

5448 Country Gentleman (90 days)—The late white corn with long, deep grained kernels irregularly arranged. Often called the shoe-peg type. A heavy yielder.

Large Pkt. 10c; ½ Lb. 22c; 1 lb. 39c.

CUCUMBERS

Contain vitamins A, B₁, C, G, Phosphorus, Iron.

One Packet will plant 15 hills; one Ounce, 65 to 70 hills.

5452 Chicago Pickle (58 days)—Very popular early pickle variety. Vigorous grower and very productive. Pickles are uniform size, medium green and square ended. Pkt. 10c; ½ Oz. 16c; 1 Oz. 27c.

***5453 Improved Long Green** (62 days)—The best and most popular all-purpose cucumber, fine for slicing and pickling. It does well in every section, producing heavily when other kinds give up. It is medium dark green, crisp with few seeds. Pkt. 10c; ½ Oz. 18c; 1 Oz. 30c.

***5454 Select National Pickling** (55 days)—Our most popular pickling type. Of uniform size and color, as firm after pickling as before. Very early and enormously productive. Even size, straight, with square blunt ends, deep green color. Pkt. 10c; ½ Oz. 16c; 1 Oz. 27c.

5456 Straight Eight (58 days)—A new white spine type, very productive, long straight fruits of an ideal green color. Averages about 8 inches long. Pkt. 10c; ½ Oz. 20c; 1 Oz. 35c.

LETTUCE

Contains vitamins A, B₁, C, G, Calcium, Phosphorus, Iron.

One Packet of seed will sow 40 to 50 feet, one Ounce, 200 feet.

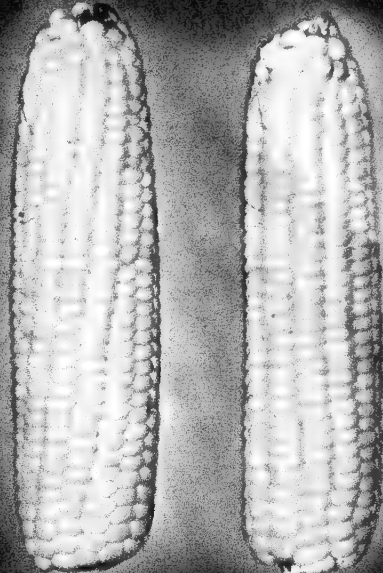

***5462 Black Seeded Simpson** (46 days)—Our most popular loose leaf lettuce. The broad, frilled light green leaves are crisp, tender and of excellent quality. It is very early, does well everywhere. Pkt. 10c; 1 Oz. 23c.

5463 Early Curled Simpson (45 days)—Large, light green ruffled leaves make this a fine home garden lettuce. Crisp and sweet. Pkt. 10c; 1 Oz. 23c.

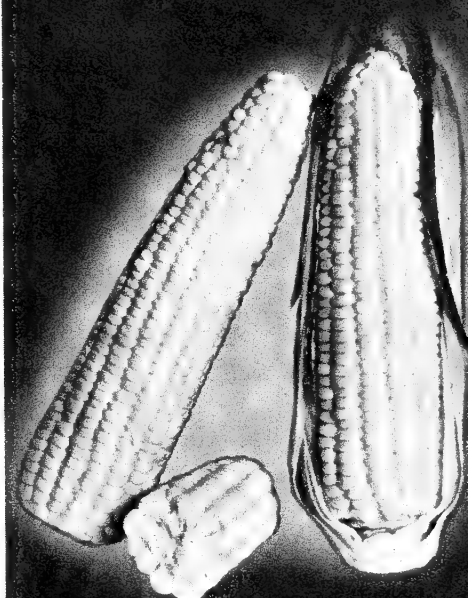

***5464 Early Prizehead** (45 days)—An early, non-heading home garden variety. The crimped, crisp, tender leaves are tinged brownish red. Pkt. 10c; 1 Oz. 23c.

5466 Iceberg (82 days)—Large, solid heads, white inside, crisp and of excellent quality. A popular head lettuce. Pkt. 10c; ½ Oz. 20c.

5467 Imperial No. 44 (70 days)—If you have been unable to grow head lettuce, try this variety. It is early and will stand lots of heat. The heads are compact and medium large. Pkt. 10c; ½ Oz. 20c.

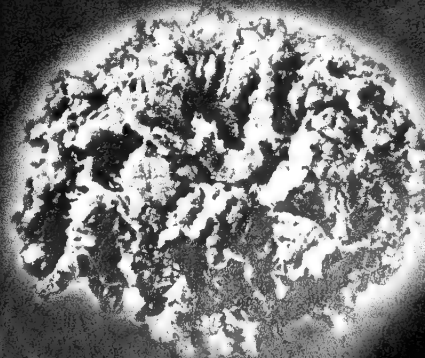

Golden Cross

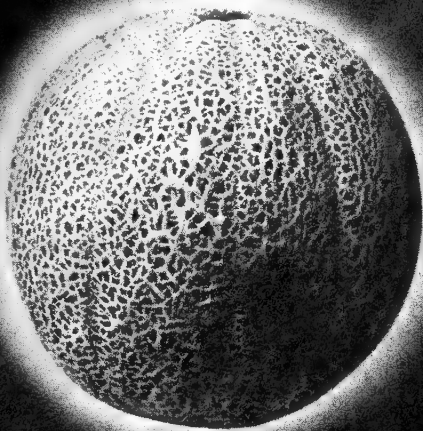

Earligold

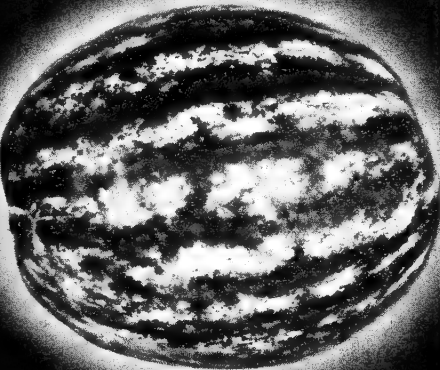

National Pickling

LETTUCE, Black Seeded Simpson

Hearts of Gold

Early Kansas

ONION, Giant Yel. Sweet Spanish

PEPPER

MUSKMELON (Cantaloupe) Contains vitamins A, B₁, C, G, and minerals.

One Packet will sow 15 hills; 1 Ounce 60 hills.

5470 Hales Best (87 days)—Thick, tender flesh is deep salmon and richly flavored. Oval fruits with a heavy netting weigh 4 pounds.

Pkt. 10c; 1 Oz. 25c; ¼ lb. 75c.

5472 Honey Rock (85 days)—One of the finest for our mid-west home gardens. The fruits weigh about 3 pounds, and the flavor is ideal. Thick orange flesh.

Pkt. 10c; 1 Oz. 25c; ¼ lb. 75c.

***5471 Hearts of Gold** (88 days)—The salmon-orange flesh is very thick and good right out of the rind. The fruits are tender, juicy and very sweet. This melon weighs about 4 pounds. It is the most popular muskmelon for general use.

Pkt. 10c; 1 Oz. 25c; ¼ lb. 75c.

5474 Rocky Ford Netted Gem (95 days)—A fine home and market garden melon, weighing about 2½ pounds. Uniform size, nearly round, thick green flesh with a spicy flavor.

Pkt. 10c; 1 Oz. 25c; ¼ lb. 75c.

WATERMELON Contains vitamins A, B₁, C, G, and minerals.

One Packet will sow 10 hills; 1 ounce 30 hills.

***5477 Imp. Kleckley Sweet No. 6** (87 days)—Many consider this the best watermelon. Weighs about 35 pounds, white seeds. Has bright red flesh which is crisp, tender and very sweet. We especially recommend this wilt resistant strain.

Pkt. 10c; 1 Oz. 15c; ¼ lb. 45c.

5478 Stone Mountain (86 days)—The large, round, solid dark green melons are very popular. Ripens medium early and has a very delicious flavor with lots of heart. Weighs 30 to 40 pounds.

Pkt. 10c; 1 Oz. 15c; ¼ lb. 45c.

5475 Northern Sweet (76 days)—A very early, round melon weighing 12 pounds, having a thin rind and deep red crisp flesh. An ideal ice-box melon.

Pkt. 10c; 1 Oz. 15c; ¼ lb. 45c.

***5480 Early Kansas Sweet** (85 days)—A very large medium early melon, fine for home gardens. Thin green-striped rind, bright red flesh of very fine sweet flavor. Seeds are reddish-brown. Weighs about 40 pounds. This is one of our finest melons and we recommend it to you.

Pkt. 10c; 1 Oz. 15c; ¼ lb. 45c.

ONIONS Contain B₁, C, G, Calcium, Phosphorus, Iron.

5483 Southport White Globe (115 days)—The best and most popular white onion. The bulbs are medium large, crisp, mild and have snowy white flesh. A good keeper and a heavy yielder.

Pkt. 10c; ½ Oz. 45c; 1 Oz. 80c.

5485 Yellow Globe Danvers (111 days)—White flesh, crisp and very fine quality. Firm and solid, this is the best keeping yellow onion. Very productive.

Pkt. 10c; ½ Oz. 45c; 1 Oz. 80c.

One Packet will sow 12 to 15 feet; 1 Ounce 200 feet.

5482 Giant Yellow Sweet Spanish (112 days)—The most popular yellow onion. Very large with mild crisp white flesh.

Pkt. 10c; ½ Oz. 45c; 1 Oz. 80c.

5481 Large Red Weathersfield (110 days)—The favorite red onion. Flat, solid, medium large bulbs that keep well.

Pkt. 10c; ½ Oz. 40c; 1 Oz. 75c.

PEPPERS Contain A, C, B₁, and G; also Calcium and Iron.

5500 Long Red Cayenne (70 days)—A favorite hot sort used chiefly for pickling, canning and drying. **Pkt. 10c; ½ Oz. 30c.**

5497 Ruby King (68 days)—A popular variety for home gardens. Bears dark green fruits, about 4½ to 6 inches long, which turn a ruby red color when ripe. Fruits are about 3 inches thick. One of the best types for pickles. **Pkt. 10c; ½ Oz. 20c.**

5499 Sunnybrook Pimiento (72 days)—Fine for home gardens, excellent flavor. Fruits are 2½ to 3 inches long and 3 inches in diameter. They are tomato-shaped, smooth with thick, mild flesh. **Pkt. 10c; ½ Oz. 30c.**

5496 California Wonder (70 days)—A good stuffing pepper—large size, almost square shape, very thick walls, sweet, tender and good flavor. Smooth glossy green, becoming red when ripe.

Pkt. 10c; ½ Oz. 25c.

5501 Hungarian Long Hot Banana (60 days)—A very prolific, early and hot pepper. The long, slender fruits are pale green, then turn red. **Pkt. 10c; ½ Oz. 40c.**

5498 King of the North (57 days)—The earliest large sweet pepper. Dark green, thick fruits with mild sweet flesh. Turns red when ripe. **Pkt. 10c; ½ Oz. 25c.**

5492 American Wonder (60 days)—A popular early pea. A good bearer of tender, sweet flavored peas. Grow only 12 to 15 inches tall.

***5490 New Alaska** (54 days)—This is the kind to plant for those first fresh Peas from your garden. This is an improved strain with larger pods, better flavor and very productive. Smooth seeded, it can be planted very early.

5491 Fillbasket (60 days)—One of the earliest large podded semi-wrinkled peas. Sturdy vines bear an abundance of dark green pods, filled with good quality peas.

***5495 Little Marvel** (62 days)—Our most popular wrinkled variety and the most satisfactory kind in the average home garden. It is very hardy and can be planted almost as early as New Alaska. Very productive, the pods are filled from end to end with the delicious, tender peas.

5494 Laxton's Progress (62 days)—The earliest and heaviest yielding of the large podded peas. The pods are very large, with big, plump peas of the finest flavor. Very popular.

Inter-State's Pea Special

We have selected 3 varieties which will mature in succession and furnish a continuous supply over a long season.

New Alaska—Earliest of all peas.

Fillbasket—Midseason, bearing large, wrinkled, tender peas.

Little Marvel—The best and most popular of all peas. Very productive.

5909 Lg. Pkt. of ea. Postpaid. **only 25c**

5910 ½ Lb. of each. Postpaid. **only 55c**

5911 1 Lb. of each. Postpaid. **only 95c**

RADISHES Contain Vitamin C and minerals.

One Packet will sow 30 feet; 1 Ounce, 100 feet.

Sow every 2 weeks for a continuous supply of fresh radishes all season.

***5504 Early Scarlet Globe** (22 days)—By far the most popular real early radish. Bright scarlet, olive-shaped, crisp and tender. **Pkt. 10c; 1 Oz. 15c.**

5505 French Breakfast (24 days)—Early oblong shaped radish, scarlet with white tip. **Pkt. 10c; 1 Oz. 15c.**

***5507 New Crimson Giant** (28 days)—A rather new red radish that is fast becoming the most popular of all radishes. It is a large round radish being about 1½ inches in diameter when fully grown. Deep crimson in color with white flesh that is very crisp and tender, and stays that way longer than any other red radish we know. Do not sow seed too thickly. **Pkt. 10c; 1 Oz. 15c.**

***5508 White Icicle** (27 days)—Everybody likes this long, snow-white radish. It is very mild, crisp and tender and stays that way for a long time. **Pkt. 10c; 1 Oz. 15c.**

PARSNIPS

Contain B₁, C, Calcium, Phosphorus, Iron.

One Packet will sow about 40 feet; 1 Oz. 200 feet.

5488 Hollow Crown (125 days)—The most popular variety. Smooth, white skin with rich, tender, sweet flesh. Long, tapering roots about 12 inches long. They can be left in the ground over winter. Dig them in early spring before growth starts. **Pkt. 10c; 1 Oz. 20c.**

POP CORN

5450 White Hull-less—Most popular white pop corn. Small, short ears. Pops snow-white, absolutely without hulls, very fine quality. **Pkt. 10c; ½ Lb. 25c; 1 Lb. 45c.**

5451 South American Jumbo—This is the yellow pop corn that pops to such enormous size, creamy yellow color. Good yielder, usually 2 to 3 ears on a stalk, the ears 6 to 7 inches long. **Pkt. 10c; ½ Lb. 20c; 1 Lb. 35c.**

PARSLEY

Contains Vitamin A and iron.

5487 Moss Curled (72 days)—The most desirable for garnishing and decorative purposes. Dark green, finely cut curled leaves. Very fast growing. Cut it and it comes up again. Sow early. **Pkt. 10c; 1 Oz. 23c.**

PUMPKIN

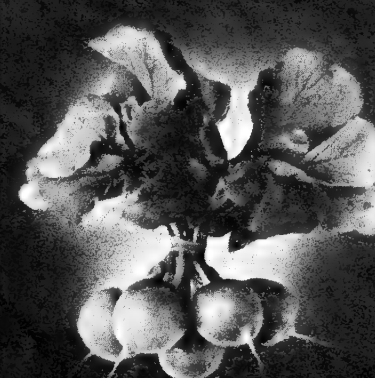

One Pkt. will sow 8 hills; 1 Ounce 24 hills.

5502 Connecticut Field (120 days)—Heaviest producer. Big, yellow pumpkins that weigh 15 to 25 pounds. Thick, sweet, fine-grained flesh. **Pkt. 10c; 1 Oz. 15c; ¼ Lb. 35c; 1 Lb. \$1.00.**

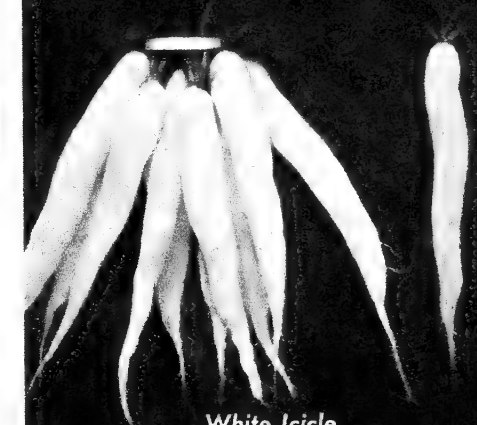

5503 Small Sugar Pie (115 days)—Weigh 4 pounds. What delicious pies you get from its rich golden-orange flesh, thick, sweet, finest flavor. **Packet 10c;—1 Oz. 15c; ¼ Lb. 42c; 1 Lb. \$1.25.**

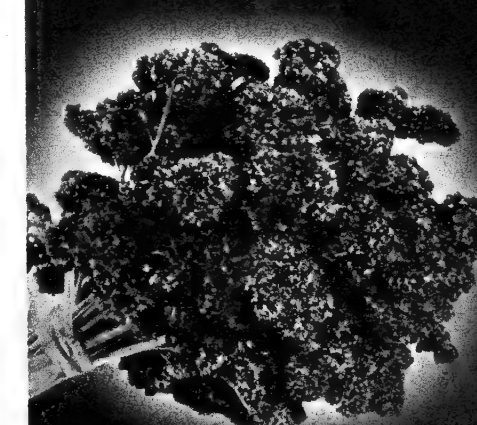

Little Marvel

New Crimson Giant

White Icicle

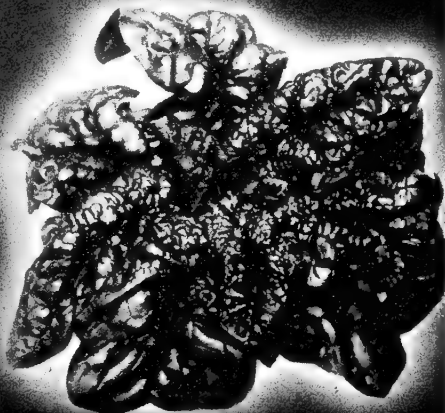

Moss Curled Parsley

Small Sugar Pie

Rutger's

Nobel's Giant Thick Leaf

Early Spanish

Purple Top White Globe

TOMATOES

Contain vitamins A, B₁, C, G, P.P., and minerals.

5514 Earliana (66 days)—A widely planted extra early variety. Medium size, bright red fruits. **Pkt. 10c; 1/2 Oz. 30c; 1 Oz. 50c.**

***5517 Firesteel** (65 days)—Be sure and plant some of this new variety, especially if you live here in the central west. It stands lots of heat and drought and bears when the others fail. Besides that it is very early. The fruits are medium large, solid, smooth, attractive red color, very good flavor and produced in tremendous quantities. A great tomato. Very fine for canning and tomato juice. **Pkt. 10c.**

***5519 Marglobe** (77 days)—A heavy yielder of large, smooth, deep red, globe-shaped tomatoes with thick, firm meat. Fine for canning and slicing. Resistant to wilt and nail-head rust. **Pkt. 10c; 1/2 Oz. 20c; 1 Oz. 30c.**

5518 New Stone (86 days)—A favorite for home gardens and canning. Productive. Fruits are large, smooth, solid, bright scarlet. **Pkt. 10c; 1/2 Oz. 20c; 1 Oz. 35c.**

SPINACH

Contains vitamins A, B₁, C, G, P.P., Calcium, Phosphorus, Iron.

One Packet will sow 35 feet, 1 ounce will sow 100 feet.

5513 Mustard Spinach, Tendergreen (25 days)—This green combines the flavors of mustard and spinach. Very prolific, it produces 6 or 7 crops a year. **Pkt. 10c; 1 Oz. 20c.**

***5511 Nobel's Giant Thick Leaf** (43 days)—Has large dark green crimped leaves, and one of the heaviest yielders. Does not go to seed early. **Pkt. 10c; 1 Oz. 16c; 1/4 Lb. 50c.**

5512 Savoy Bloomsdale (40 days)—Large, curled, deep green leaves. Plant real early and enjoy early greens. **Pkt. 10c; 1 Oz. 20c; 1/4 Lb. 55c.**

PEANUTS

Plant some this spring. You will be astonished at how much they yield.

5489 Peanuts, Jumbo—The large standard roasting peanut. Stands heat and drought. **Large Pkt. 10c; 1/2 Lb. 25c; 1 Lb. 45c.**

5489A Peanuts, Early Spanish—The pods are smaller than the Jumbo but they will mature as far north as Minnesota. Very heavy producer. **Large Pkt. 10c; 1/2 Lb. 25c; 1 Lb. 45c.**

**BUY BY THE DOLLAR
AND SAVE MONEY**

Why pay a high price for plants when you can grow your own at small cost?

5516 Giant Ponderosa (88 days)—Our selected strain produces fruit of immense size and smoother than most others. Fruits have few seeds, are very solid and have a fine flavor. **Pkt. 10c; 1/2 Oz. 35c; 1 Oz. 55c.**

5522 Red Head (76 days)—A round, smooth, medium early variety that does unusually well. Firm, bright red flesh, fine for slicing and canning. **Pkt. 10c; 1/2 Oz. 25c; 1 Oz. 40c.**

***5523 Rutgers** (77 days)—Most widely planted of all tomatoes. Bright scarlet, meaty fruits are fine for slicing and canning. Ripens from the inside out. Fine quality. Very heavy producer. Resistant to wilt and nail-head rust. **Pkt. 10c; 1/2 Oz. 20c; 1 Oz. 35c.**

5524 Yellow Pear (73 days)—Bears yellow pear-shaped fruits that are excellent for preserves. **Pkt. 10c.**

SQUASH

Contains vitamins A, B₁ and G, also Calcium and Iron.

5528 Acorn, Table Queen (58 days)—Weighs about 1 pound, just the right size to cut in half for serving. Dark green hard shell, rich orange-yellow flesh, fine flavor. Large producer. **Pkt. 10c; 1 Oz. 20c.**

5527 Chicago Warty Hubbard (115 days)—Dark green, warty, and deep orange-yellow flesh. Weighs about 16 pounds. The best winter squash. **Pkt. 10c; 1 Oz. 23c.**

5530 Early Straightneck (55 days)—Heavily warted, thick necked, straight lemon-yellow fruit with light yellow flesh. Weighs about 3 pounds. **Pkt. 10c; 1 Oz. 20c.**

5531 Striped Cushaw (115 days)—Fruits are crooknecked, very large and irregularly green striped. Thick, sweet, light yellow flesh. Very prolific. **Pkt. 10c; 1 Oz. 20c.**

TURNIPS

Contain vitamins C and Calcium. Turnip top greens contain A, B₁, C, G, P.P., Calcium, Phosphorus, Iron.

One Packet sows 40 feet, 1 Oz. 200 ft. To get largest yield, broadcast turnip seed thinly instead of planting in rows.

5533 Purple Top Strap Leaf—Flat, medium sized roots, purple topped, fine grained and mild. **Pkt. 10c; 1 Oz. 16c.**

***5534 Purple Top White Globe**—Most widely planted turnip. Globe shaped and white, tender flesh. Very mild in flavor. **Pkt. 10c; 1 Oz. 16c.**

USEFUL VEGETABLES TO ROUND OUT YOUR GARDEN

5564 Broccoli, Italian Green Sprouting—Tender tops and flower shoots used for greens. Contains A, B₁, C, G, Calcium, Iron and Phosphorus. **Pkt. 10c.**

5563 Brussel Sprouts, Long Island—Thickly set stems with solid cabbage-like balls. Contains A, B₁, C, Calcium, Phosphorus and Iron. **Pkt. 10c.**

5433 Cauliflower, Early Snowball—The most widely planted early variety. Compact snow-white heads. A fine home garden variety. **Pkt. 10c.**

5567 Collards—A type of cabbage, used extensively for greens. Contains A, B₁, C, G, PP, Calcium, Iron and Phosphorus. **Pkt. 10c.**

5457 Dill—The common dill pickle herb. **Pkt. 10c.**

5458 Egg Plant, Black Beauty—The thick smooth rich purple fruits are very early. **Pkt. 10c.**

5459 Endive, Green Curled—Delicious for autumn and winter salads. Frost improves its quality and flavor. Contains A, C, G, Calcium and Iron. **Pkt. 10c; 1 Oz. 22c.**

5457A Gherkin, West Indies—Small oval shaped prickly cucumber, fine for small pickles. **Pkt. 10c; 1/2 Oz. 20c.**

5460 Kale, Green Curled—Makes tasty greens for early fall, winter and spring. Contains A, B₁, C, G, PP, Calcium, Phosphorus and Iron. **Pkt. 10c.**

5461 Kohlrabi, Early White—Best for home use, has mild, crisp and tender flesh, dwarf. **Pkt. 10c.**

5468 Mustard, Giant Southern Curled—Long and wide leaves with curled edges for greens. Contains A, B₁, G, PP, Calcium, Phosphorus and Iron. **Pkt. 10c; 1 Oz. 18c.**

5570 Okra, Dwarf Green—For soups. **Pkt. 10c.**

5571 Rutabaga, Purple Top. Pkt. 10c.

5525 Salsify, Mammoth Sandwich Island—A delicious, nutritious vegetable with a decided oyster flavor. Keeps in ground over winter but must be dug before spring growth starts. **Pkt. 10c.**

5424 Stock Beet, Mammoth Long Red—The heaviest yielding of all stock beets, producing roots of enormous size. One of the finest feeds for poultry and stock. **Pkt. 10c; 1 Oz. 15c.**

***5423 Swiss Chard, Lucullus**—The most commonly grown chard. It is of the beet family but is grown for its leaves only, which make very fine greens. **Pkt. 10c; 1 Oz. 20c.**

5534 Turnip Top Greens—Extra rich in Vitamins and excellent for greens. Contains A, B₁, C, G, PP, Calcium, Phosphorus and Iron. **Pkt. 10c; 1 Oz. 16c.**

BIG FULL SIZE PACKETS, HIGHEST QUALITY, GUARANTEED TO GROW

The Outstanding Seed Offer in 1945. This collection contains enough seed of different varieties to produce garden-fresh vegetables throughout the season and some to can for winter. These are our regular large full-size packets, exactly the same as if you paid the catalog price of \$2.00. They are the best, the most productive, the best flavored. Simple planting instructions printed on every packet. To have a good garden, you

must have good seeds. You realize the importance of growing all the food you can. If you have the space, **DOUBLE YOUR GARDEN THIS SPRING.** Make successive plantings so you will have fresh vegetables all through the season. Mail your order **EARLY** for this collection and have it on hand when you are ready to make a garden. Show this to your neighbors, they might want to order a collection too.

PLEASE NOTE—This Collection is made up in advance and cannot be changed.

PEAT MOSS

5K8 Full Bale 100-130 pounds for... \$3.75
5K9 3-Bushel Bag for... 1.25
5K10 1½-Bushel Bag for... 75c

You pay the express or freight charges. (Bale should ship freight. Order early.) A good soil builder, it adds humus and helps soil hold moisture much better. When planting Azaleas, Blueberries, Blue Hydrangeas, mix Peat Moss with the soil, half and half. Then put a mulch of it around the plants and leave it. Mix about ¼ Peat Moss with the soil when planting trees of all kinds, roses, shrubs, vines and perennials. They will grow better and faster.

5 FRIENDS OF THE GARDENER

FORCE'S MOLE KILLER

You simply put the pellets in the runways. The moles like them and eat them and die. That is all there is to it. Keep a supply on hand to use when the mole's runways appear. Guaranteed to work or your money back. Postpaid.

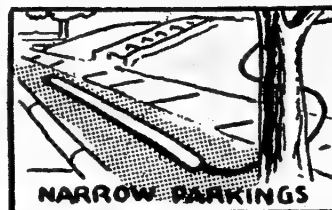

5K4 75 Pellets for 50c.
5K5 185 Pellets for \$1.00.
5K6 875 Pellets for \$3.25.

5K15 DOGZOFF

This is guaranteed to keep dogs and other animals away from places they are not wanted. Harmless to humans, non-poisonous, non-inflammable. Easy to use, simple instructions on every can. One can usually lasts a season.

GENUINE HASTINGS SOIL-SOAKER

An ideal way to water because the water seeps through the entire length of the porous canvas and wets the ground thoroughly without waste and without wetting the flowers or foliage. Is flexible so you can place it right where you want it. You simply put it on the end of your garden hose. We have tried many sprinklers and this is the best we have ever seen or tried.

5K12 12 feet long—Each \$1.40 Postpaid
5K18 18 feet long—Each \$1.90 Postpaid
5K30 30 feet long—Each \$2.90 Postpaid

We Want Everyone To Try BUG-DUST-O-CIDE

It's easier to protect your plants from a wide variety of both sucking and chewing insects with Bug-Dust-O-Cide. It controls aphids, bean beetles, flea beetles, leaf hopper, cabbage worms, cucumber beetles, potato beetles and certain other insects. Checks fungus diseases, mildew and black spot. As the supply is limited, the government requests that you use it only on vegetables and fruit plants, anything that produces food.

PRICES

Postpaid in Iowa, Kansas, Missouri and Nebraska. All other states add 3c per pound for postage.

5K25 2½ Pounds Bug-Dust-O-Cide & Duster	\$1.00
5K33 3 Pounds Bug-Dust-O-Cide.....	1.00

5K55 5½ Pounds Bug-Dust-O-Cide & Duster	1.90
5K100 10 Pounds Bug-Dust-O-Cide....	3.00
5K250 25 Pounds Bug-Dust-O-Cide....	7.00

1. NON-POISONOUS TO HUMANS AND DOMESTIC ANIMALS WHEN USED AS DIRECTED.
2. MULTI-PURPOSE—Has a triple action on certain insects—as a stomach poison, a contact poison and as a repellent.
3. EFFECTIVE—Satisfied users everywhere recommend Bug-Dust-O-Cide.
4. EASY-TO-USE—ready to apply—no mixing, no fuss or bother

5K25 SPECIAL OFFER
2½ Lbs. Bug-Dust-O-Cide and Duster \$1.00, Postpaid
The duster is a sturdy fiber container, easily operated by pumping stroke, as illustrated. Holds one full pound of dust which eliminates constant refilling.

Order Your Seeds NOW!

Use the order form on the opposite side of this sheet for your Seed and Garden Supply orders. This is for your convenience and gives you quicker service so that you will have them on hand *before* planting time.

Use the order blank between pages 2 and 3 for your Nursery Stock and Bulb Orders. Nursery Stocks and Bulbs are shipped at the *proper planting time in your locality* while Seeds are shipped at once.

Follow the simple instructions at the right on "How to Order" and when you are through with this catalog loan it to a friend or neighbor. Paper is scarce and we cannot mail as many as formerly. Your friend and we will both appreciate this courtesy.

Your orders are always appreciated. Thank you.

INTER-STATE NURSERIES
Hamburg, Iowa

How to Order

1. Write your order for Seeds on the order blank on the back of this page.
2. Write your order for Nursery Stock and Bulbs on the order blank at the front of the catalog between pages 2 and 3.

If you run out of our order blanks you can use any sheet of paper, but be sure to put your orders for Seeds and orders for Nursery Stock on separate sheets of paper. You can mail both orders in the same envelope. This will help us both since our Seeds are handled in a separate department and are shipped at once while Nursery Stock is shipped at the proper planting time *in your locality*.

3. Write your full name and complete address on both orders.

In making out your orders please write or print very plainly, giving your full name and complete address, street or rural route. Also list your nearest express office if it is different from your post office as we sometimes ship by *prepaid express* instead of parcel post unless you object.

4. Order all items by catalog number.

This helps us give you better service and helps avoid mistakes. List quantity, variety and size of items wanted.

5. Total amount on both orders and send us money order, draft or check.

If you send currency or cash, wrap it carefully and register your letter. A money order is a better way to send payment.

Sales Tax

Customers living in Iowa will add 2% to the amount of their order, which the Iowa Sales Tax Law requires us to collect. If Congress passes a National Sales Tax, then all customers must add the amount of this tax to their orders.

FORCE'S Gopher Killer

**No Traps, No Gas,
No Bait to Mix**

Force's Gopher Killer is the result of four years extensive research and experiments. It is made in ready-to-use pellet form. Has no harmful effects on the soil or vegetation. Reaches and kills the gophers right where they live, in the ground.

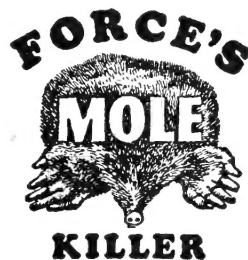

GUARANTEED TO KILL GOPHERS OR MONEY REFUNDED

Just follow the simple instructions with each package and it will prove 100% effective or the purchase price will be refunded. POSTPAID.

5K1 60 Pellets for \$.50
5K2 175 Pellets for 1.00

ORDER from INTER-STATE NURSERIES

FORCE'S

Mole Killer

**Kills the Moles in the Ground
No Traps—No Gas
No Exposed Poison**

Compounded from the mole's natural food and made in pellet form, ready to use. It also contains a poison deadly to moles, killing them right where they live, in the ground.

Guaranteed to Kill Moles or Money Refunded

Use according to the simple instructions with each package. Guaranteed to kill the moles or purchase price will be refunded. To quickly eradicate the entire family of moles, place these Pellets in all visible runways, at intervals of two feet. Moles readily seek these Pellets, eat them and die. These Pellets if placed around the edge and throughout a freshly made flower bed, will eliminate the loss of bulbs or plants. Keep an ample supply of Force's Mole Killer Pellets on hand at all times to treat new runways as soon as they appear. POSTPAID.

5K4 75 Pellets for \$.50
